IN THE FIRING LINE, EVERY WEEK

Nuts EXCLUSIVE!

It's Emma Frain in *The Apprentice*!

ON THE SHOW!

She's sweeter than sugar – but she's not sweet on Lord Sugar!

Hi Emma! Congrats on your appearance in *The Apprentice* this week! What's that all about?

The teams were asked to make a magazine each. One decided to make a men's magazine and I was their cover girl!

Is Lord Sugar the type of bloke you'd normally go for? Not really! Lord Sugar's a bit old for

me, to be honest! I tend to go for somebody my own age. I like... not necessarily power, but I do like somebody who can take control and make decisions.

I like someone dominating!

What was Karren Brady like?

She was a bit frightening! She didn't speak to me. She just stood in the background giving me dirty looks the whole time. ➔

BOARDROOM BABE!

I got the impression she didn't like glamour models! But she's got to keep the apprentices in order. If she was too friendly, they'd run rings round her.

If you were in the boardroom, how would you stop Lord Sugar firing you? I'd get my boobs out! So how did it compare working with these buffoons compared to the professionals at Nuts?

It wasn't as much fun! Nobody knew what they were doing in the photo shoot, and they were telling me contrasting things like, "Act like a businesswoman while you're surfing!" and I was like, "How the hell do I do that?" I mean, I know modelling, but it was such a ridiculous concept!

Didn't you think of giving them some tips? Maybe I should have done, but it was their task so I thought I'd leave them to it!

Did they try to get you topless? No, I don't think Lord Sugar would have appreciated that!

We don't think he'll appreciate a businesswoman trying to surf in a hard hat! No, I'm looking forward to seeing his reaction, because I don't think he's going to be very impressed!

Did any of them try it on with you? No, they didn't. They were all very professional. There was no time anyway – it took them literally about three minutes to do the shoot because they'd just left no time for anything, everything was so rushed.

And what was your fee for this shoot? I didn't get paid for it!

What? That's a bit cheap of them! They said they had a budget and were going to pay me £150, but I think that budget was make-believe. So we didn't get paid anything, which was rubbish! They forgot this is what we do for a living! But I don't really mind – it was a privilege to be on *The Apprentice*. It would've been nice to meet Lord Sugar – I follow him on Twitter!

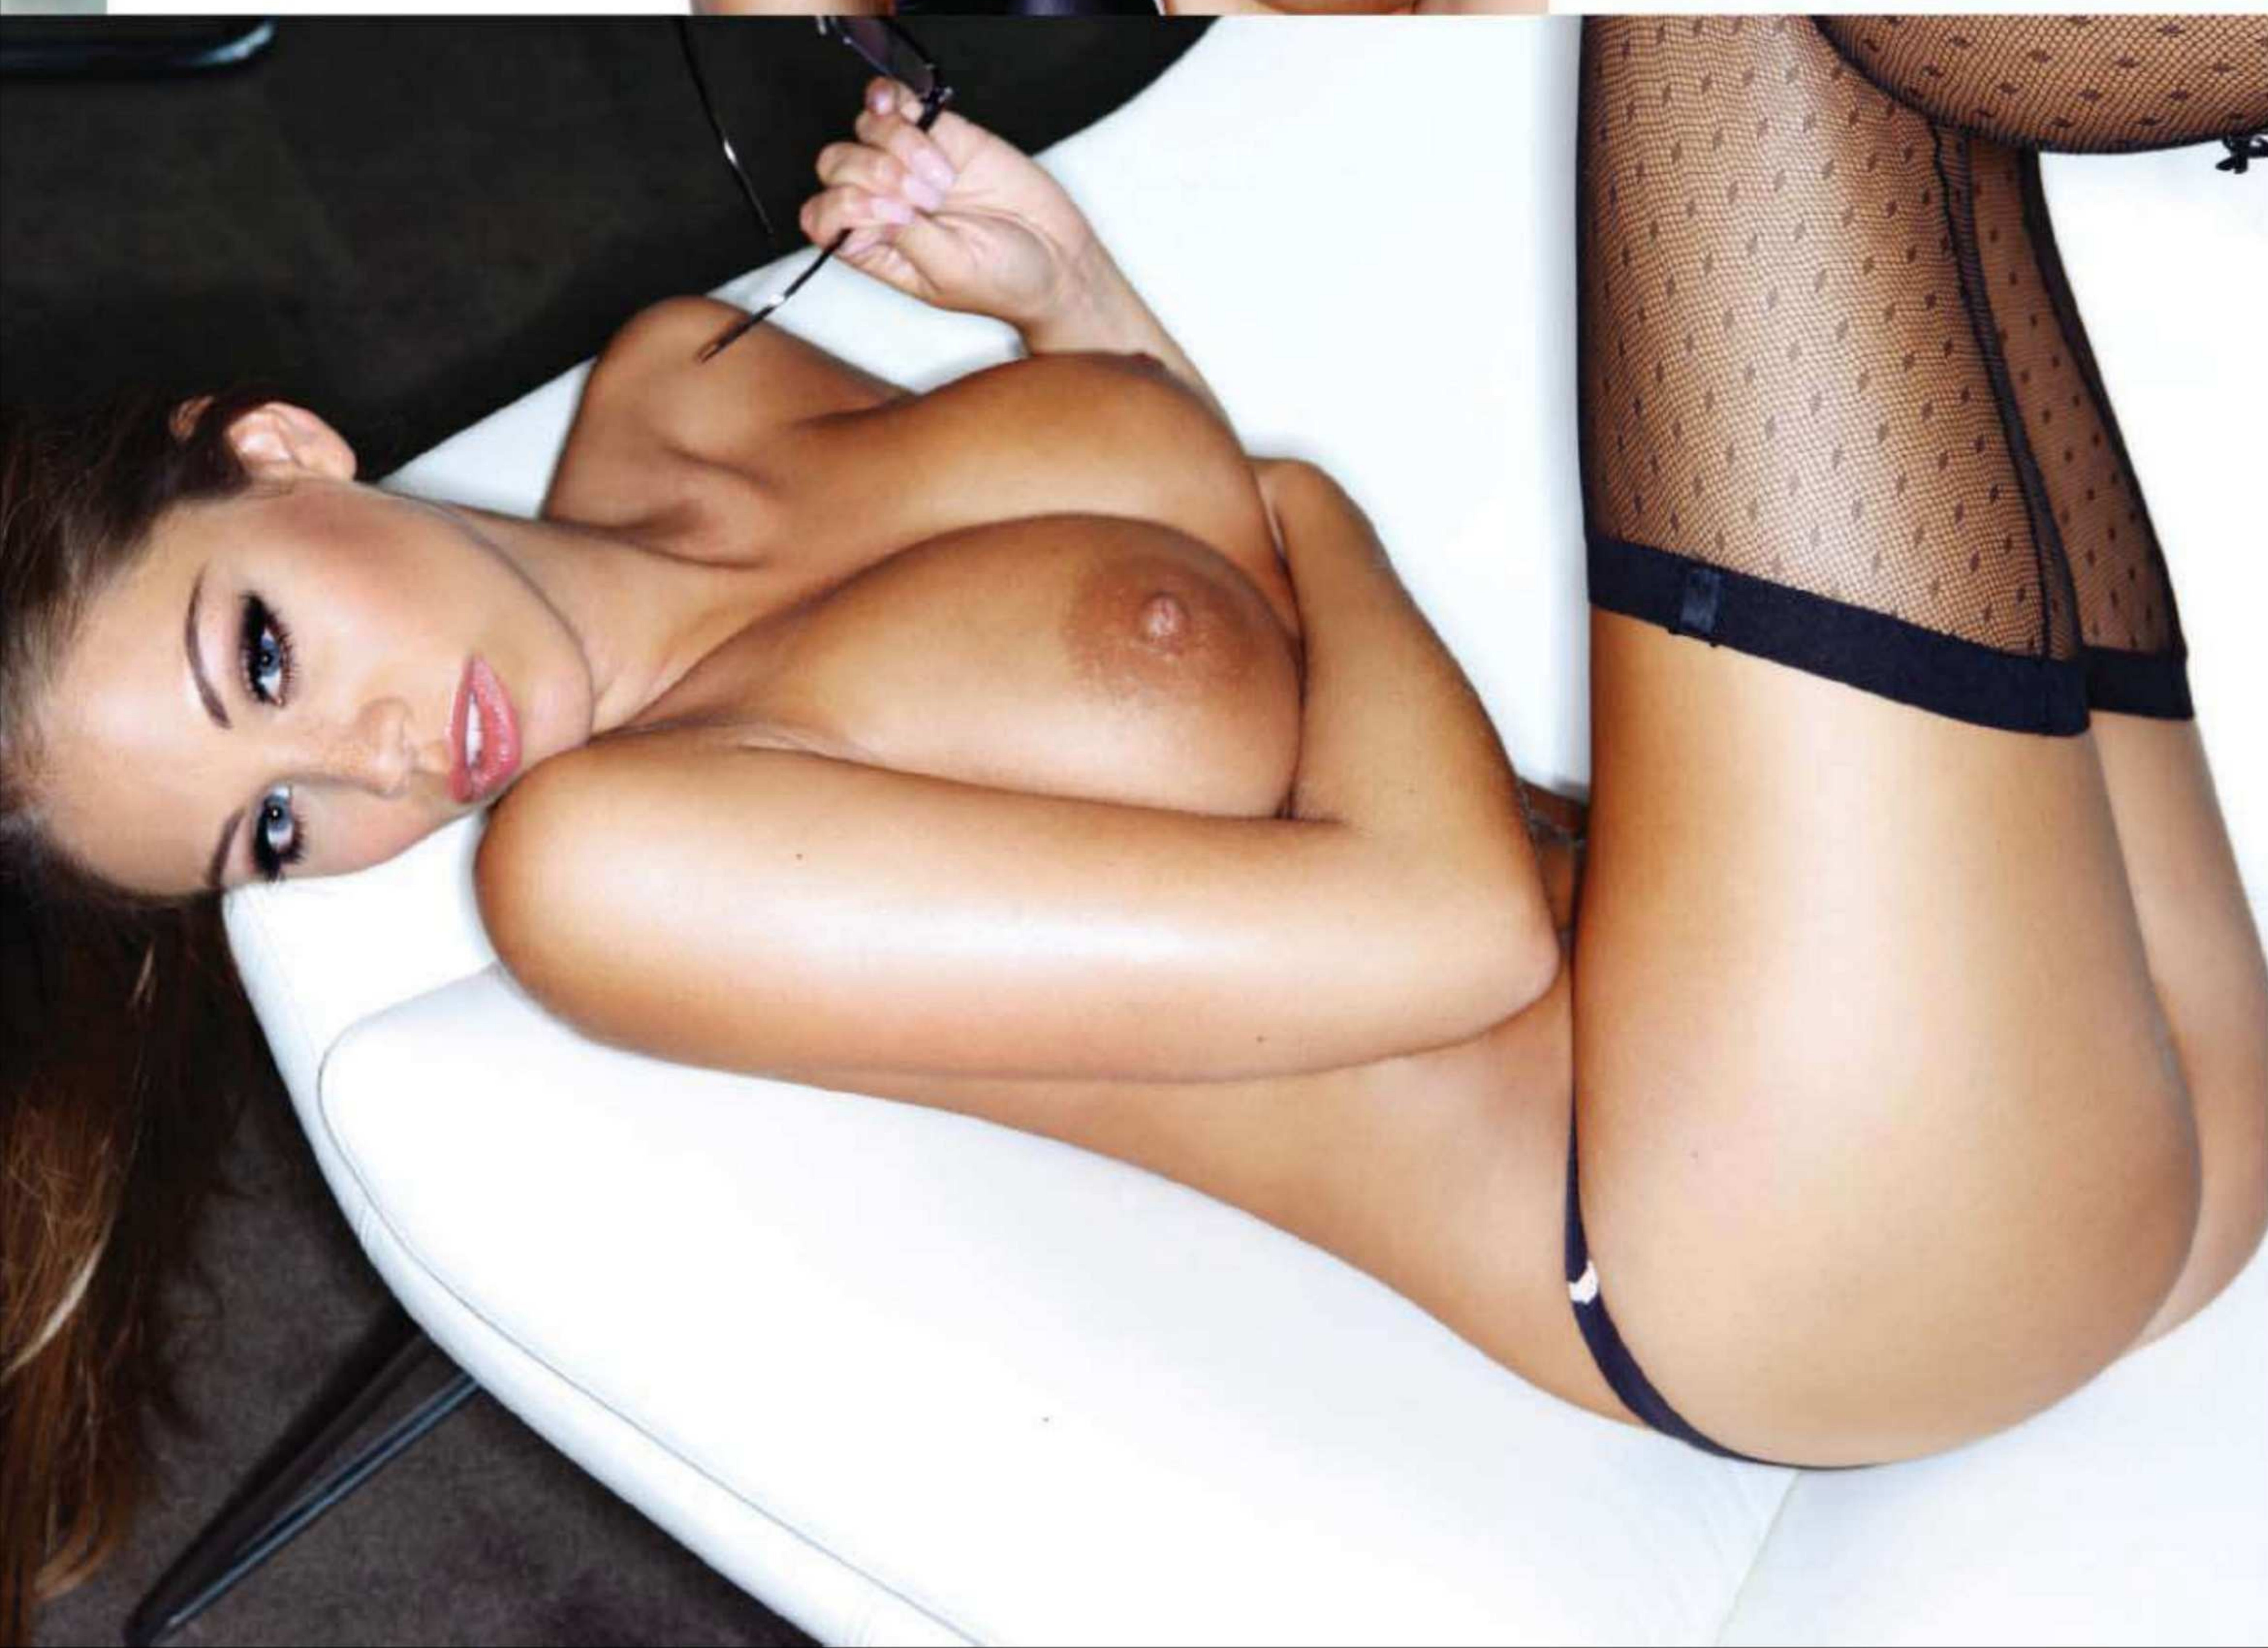

What will you do if he says something horrible about your pictures? I'll tweet him with a message! I don't know what I'll write but if he slags me off, then it's going to be war! ■

See Emma on *The Apprentice* on Wednesday on BBC1 at 9pm

"If Lord Sugar slags me off, then it's war!"

YOU'RE HIRED!

CUT ABOVE!

SIMON COWELL

Call us weird, but we think Si's spiky parting thing makes Wazza look kinda handsome!
Verdict: It's a yes from us!

JUSTIN BIEBER

A full head of hair, but liable to make opposition players want to punch Wayne in the face.
Verdict: Just appalling!

Rooney's new hair!

We suggest a few potential styles for the Roo-meister's new noggin!

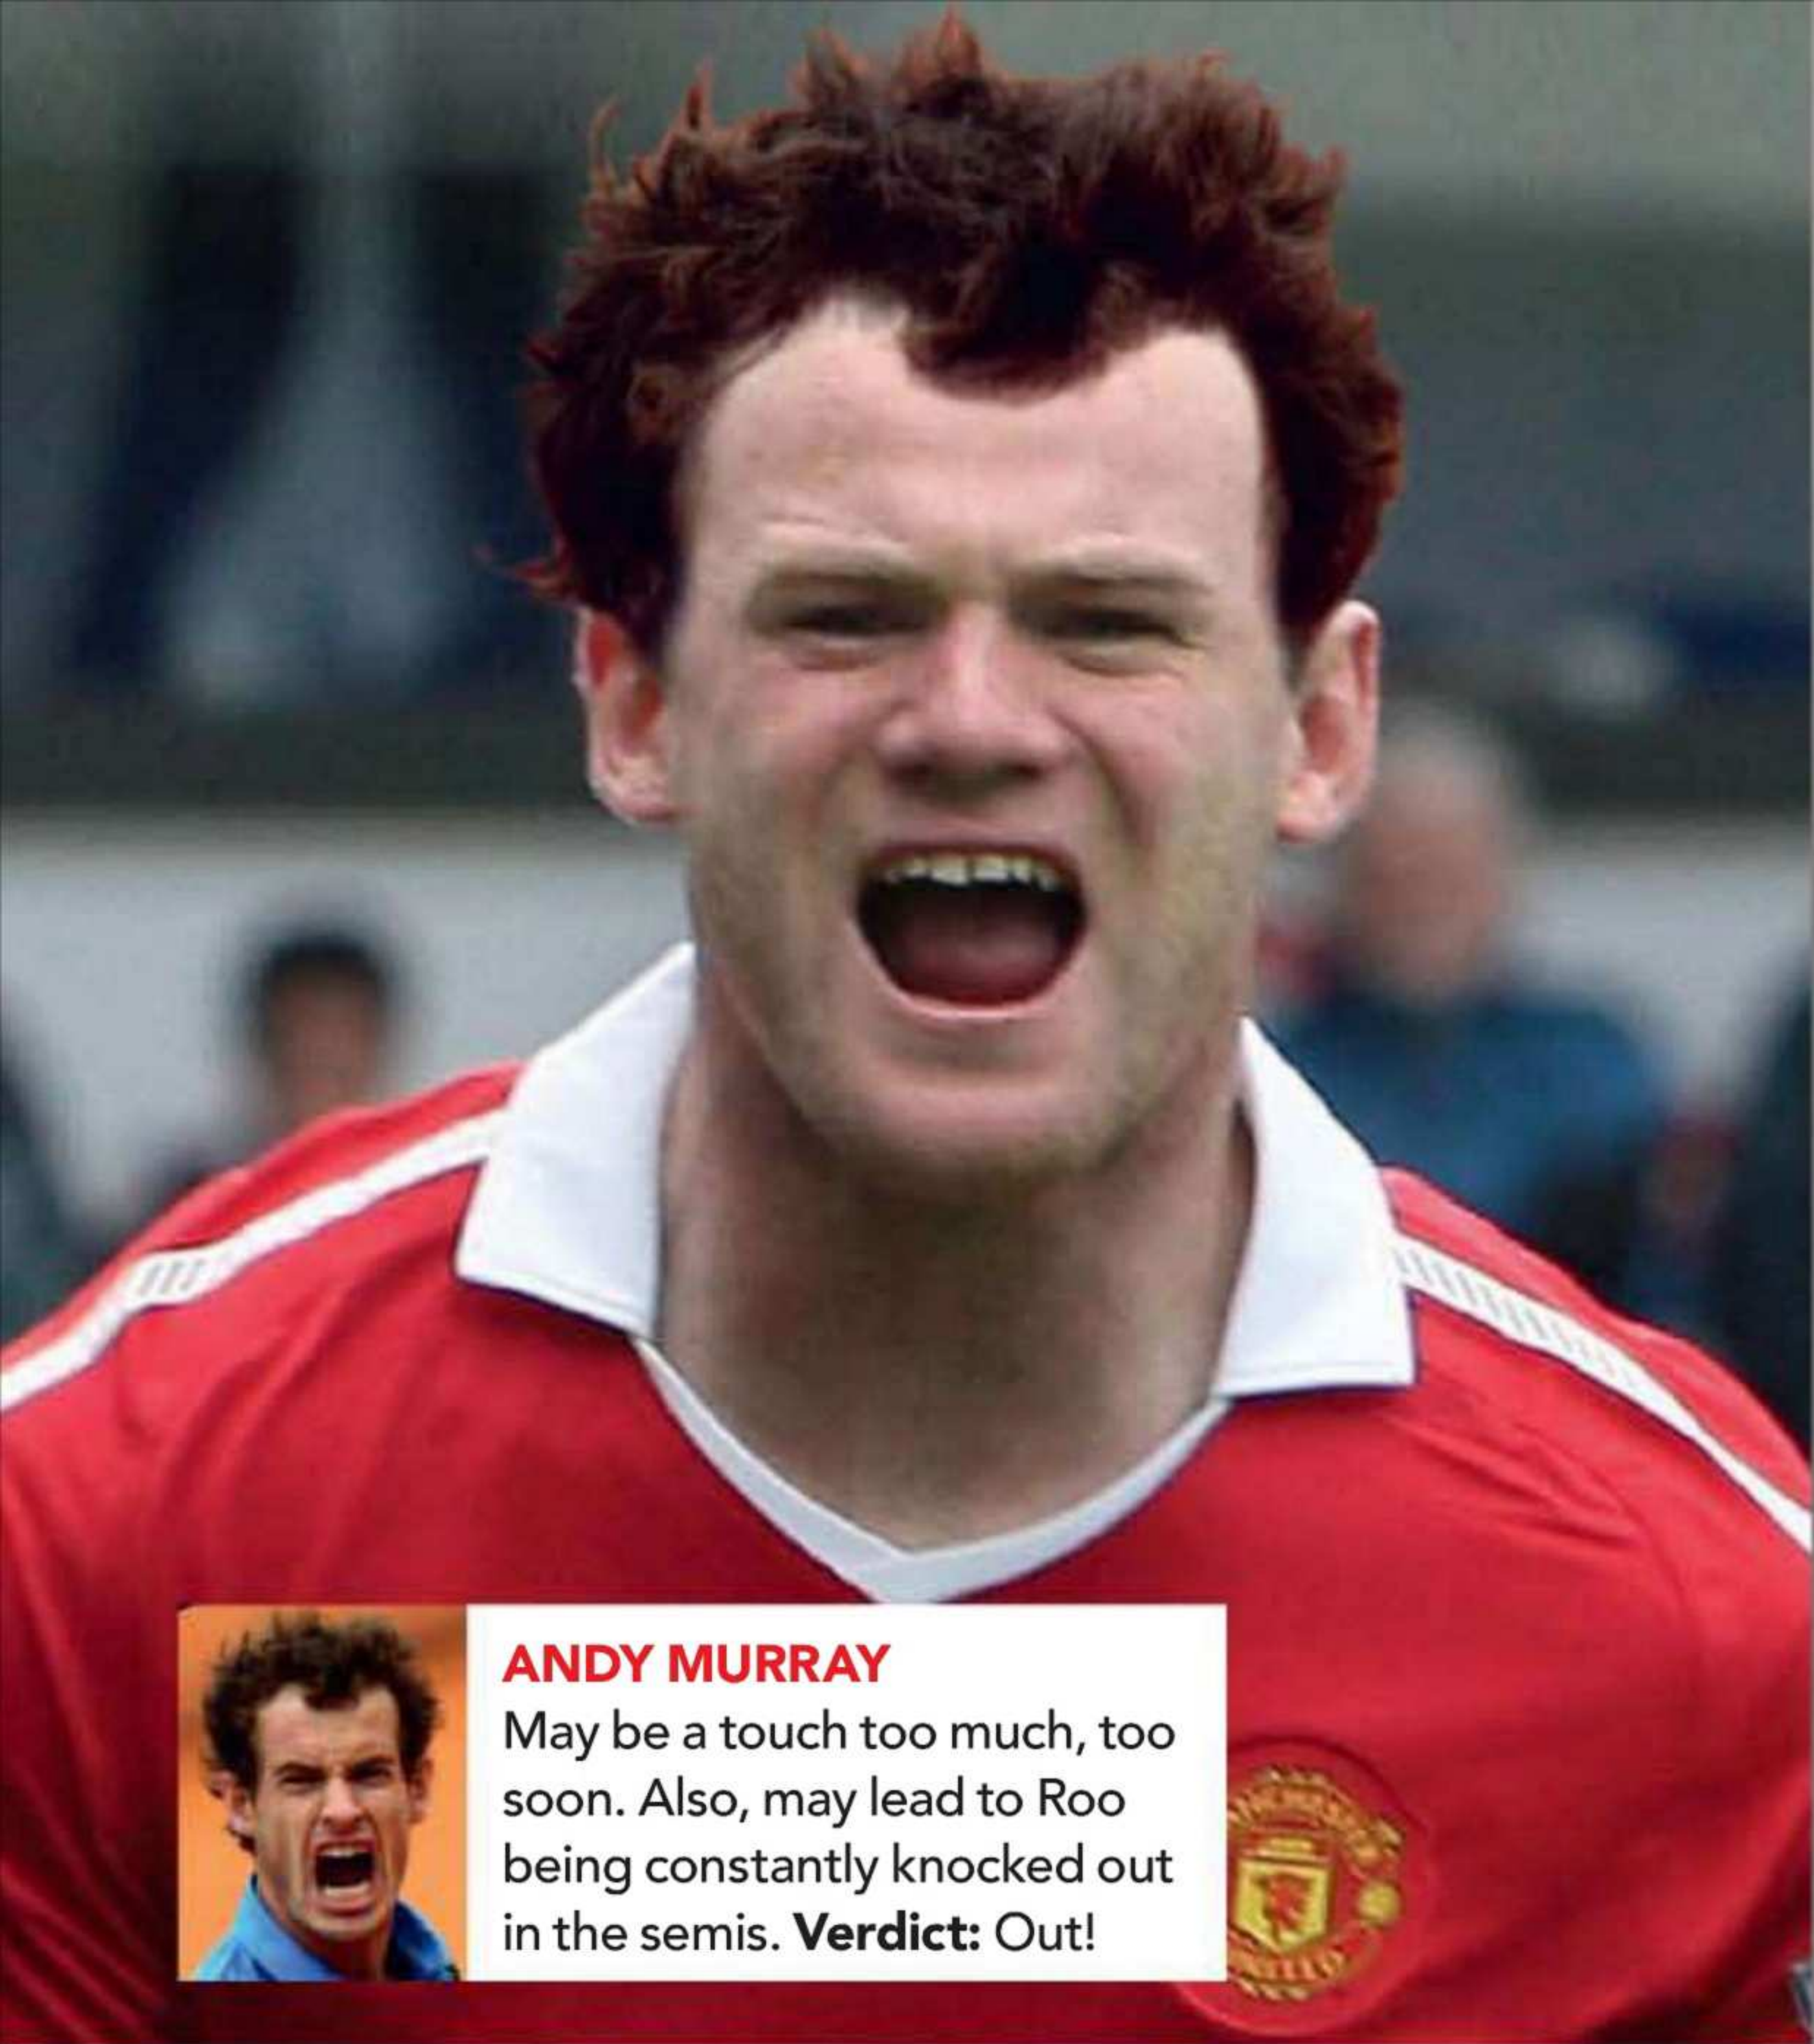

LIAM GALLAGHER

Absolutely ridiculous, but at least it covers up Wayne's big juggy lugholes quite nicely!
Verdict: No good, our kid!

GORDON RAMSAY

You'd be happy to introduce this chap to your mum! Just don't leave him alone with her.
Verdict: F**king ace!

ANDY MURRAY

May be a touch too much, too soon. Also, may lead to Roo being constantly knocked out in the semis. **Verdict:** Out!

Wayne Rooney has finally gone and done it – he’s had himself a hair transplant and can soon expect a full head of tumbling locks rather than his usual baldy bits. Well, what with *Nuts* being the magazine that helps the stars

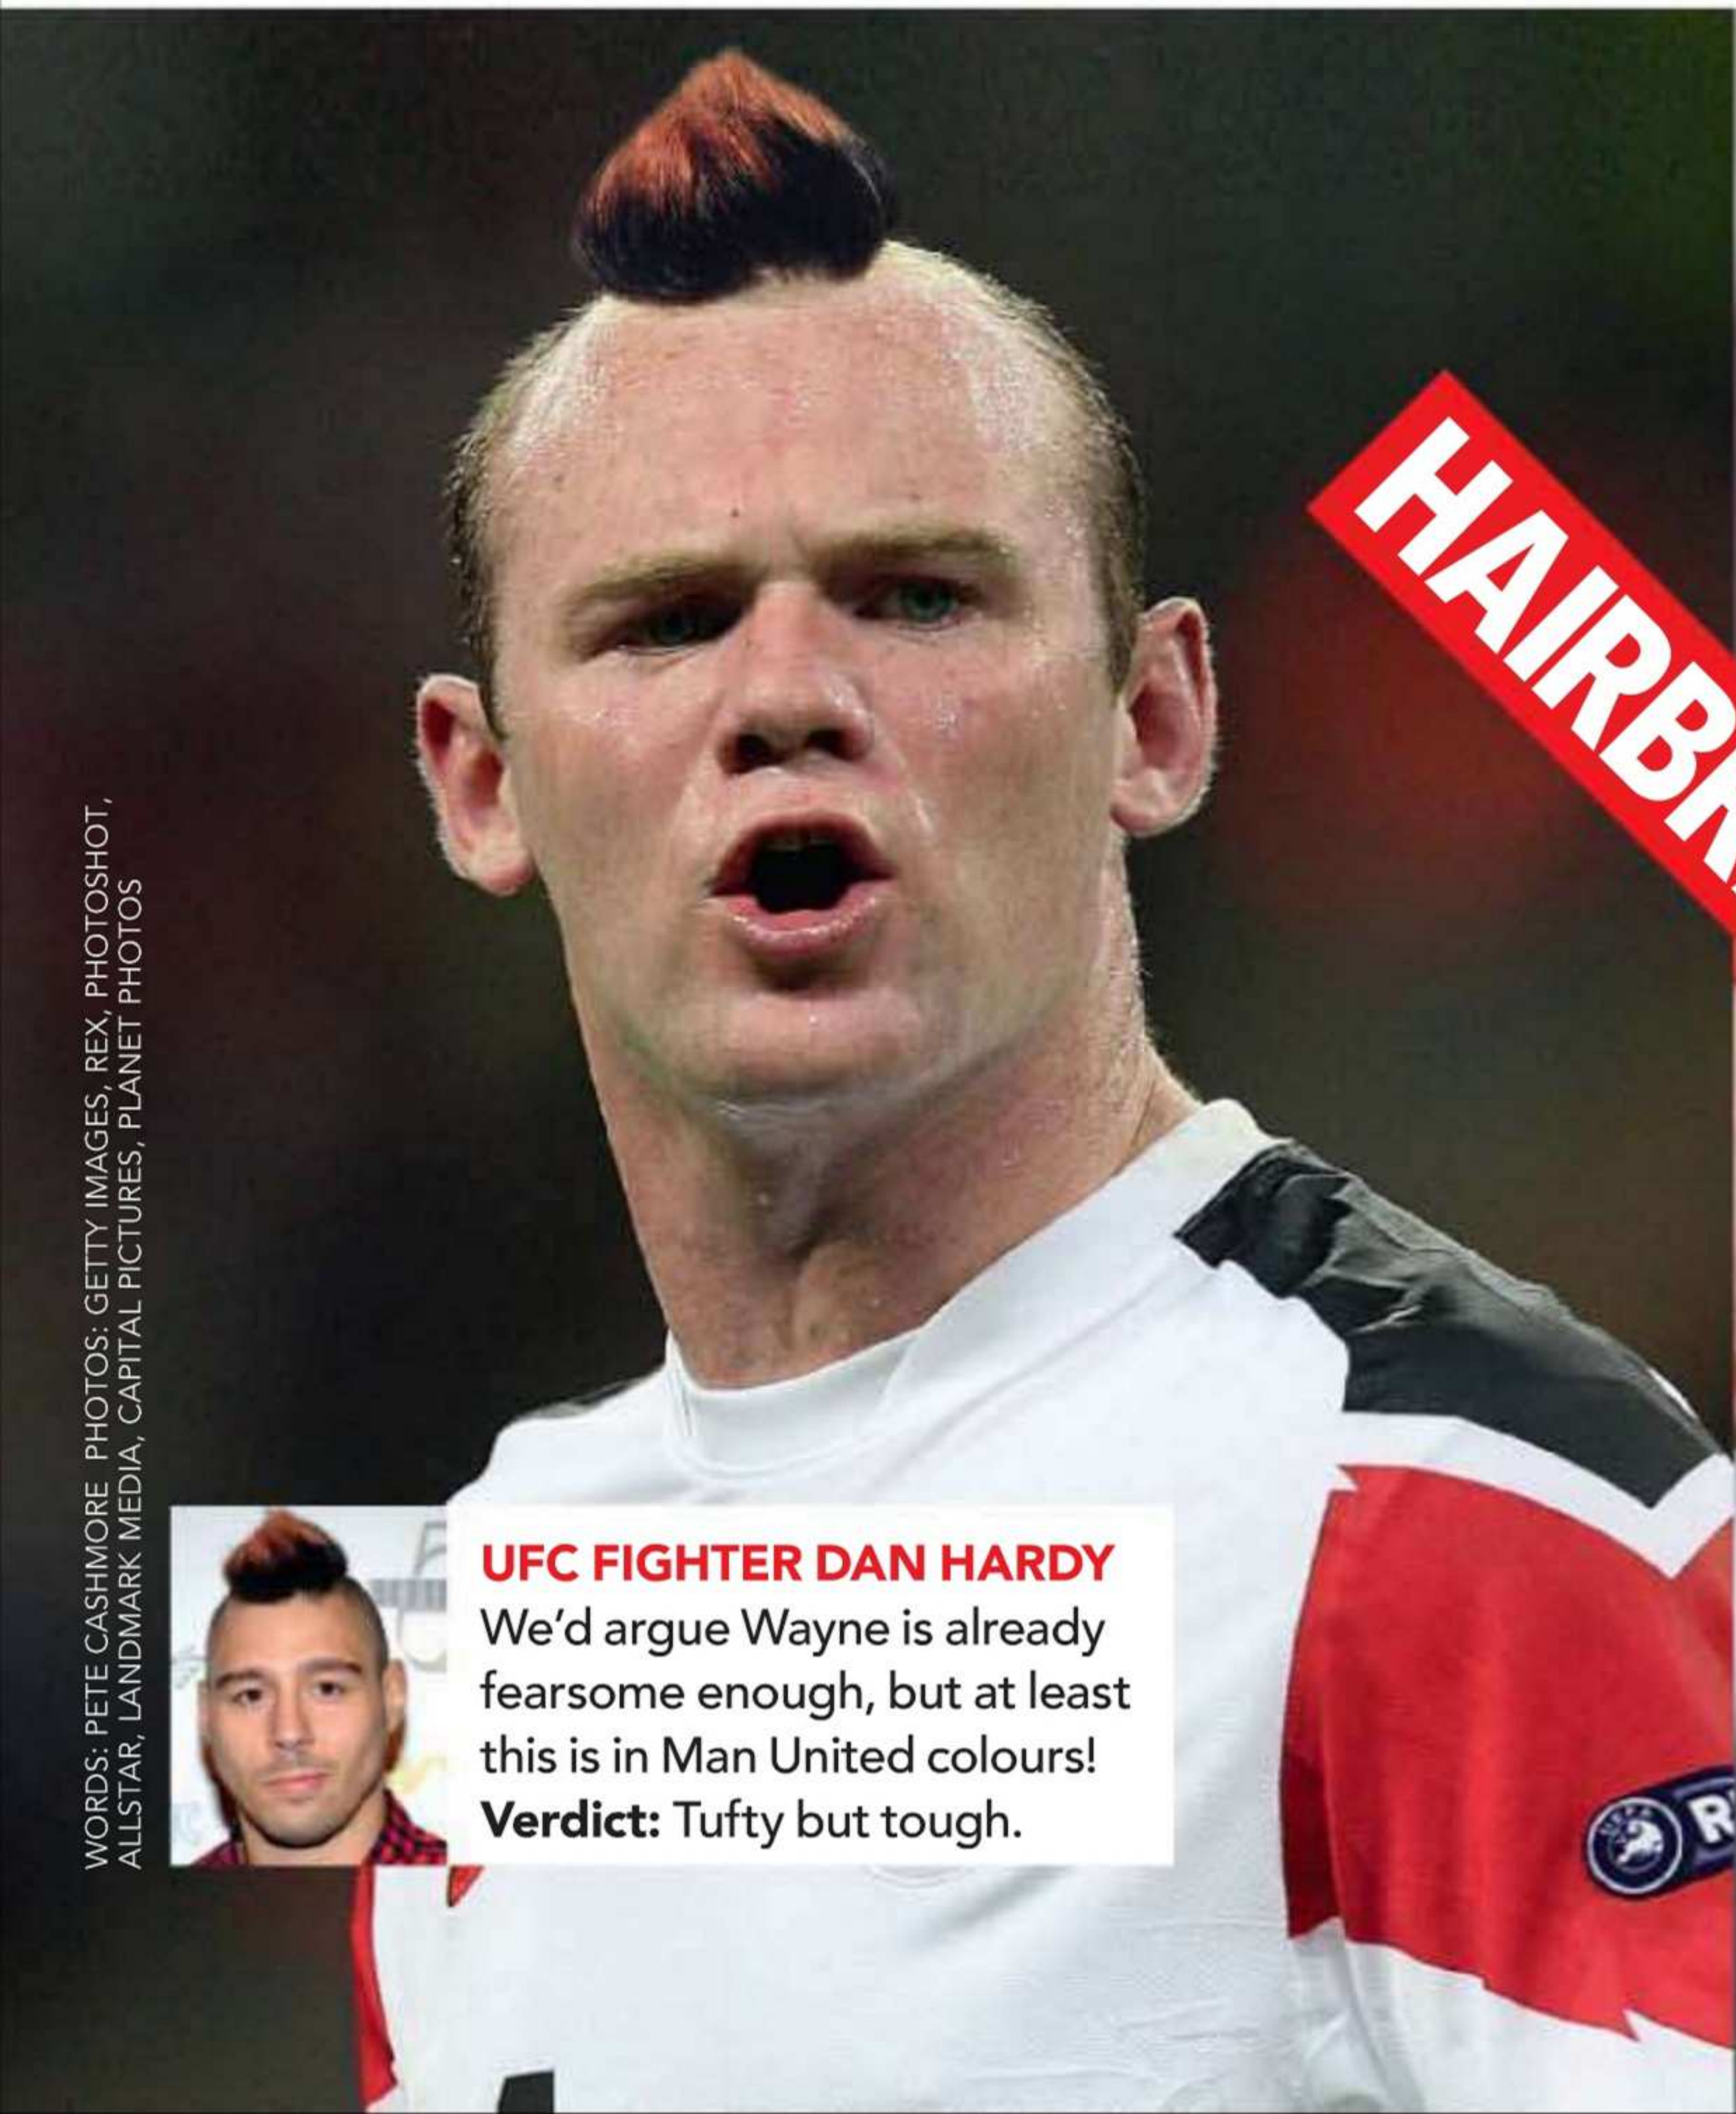

whenever it can, we thought we’d suggest a handful of contemporary styles that he may wish to adapt for his own use – and we think you’ll agree that there are some winners here.

Choose wisely, young Wayne, and whatever you do, don’t just ask for a grade one all over.

NEW LOOK!

HAIRBRAINED!

UFC FIGHTER DAN HARDY

We’d argue Wayne is already fearsome enough, but at least this is in Man United colours! **Verdict:** Tufty but tough.

JEDWARD

Ideal for big Wazz! Why? ‘Cos it draws attention away from his “unfortunate” mug! **Verdict:** The quiff of quality!

Top Gear salutes Jaguar!

Jezza applauds Britain's best!

The chaps at *Top Gear* don't tend to do things by halves. So when they celebrated 50 years of the Jaguar E-Type, in addition to a flotilla of the classic car, we got a marching band, paragliders,

stunt planes, helicopters and a fly past from a Hurricane and a Spitfire! And *Nuts* was there to get these brilliant exclusive pics! Britain's best show celebrating Britain's best car in Britain's best mag – hurrah!

"I'm certain there's a road around here somewhere"

"Er, are we too late for the Battle of Britain?"

"Uh-oh – time to say hello to last night's kebab!"

It was one way to avoid the rush-hour traffic

"Destination, Libya! Up, up and away!"

"Er, Terry, why is there a giant flag following us?"

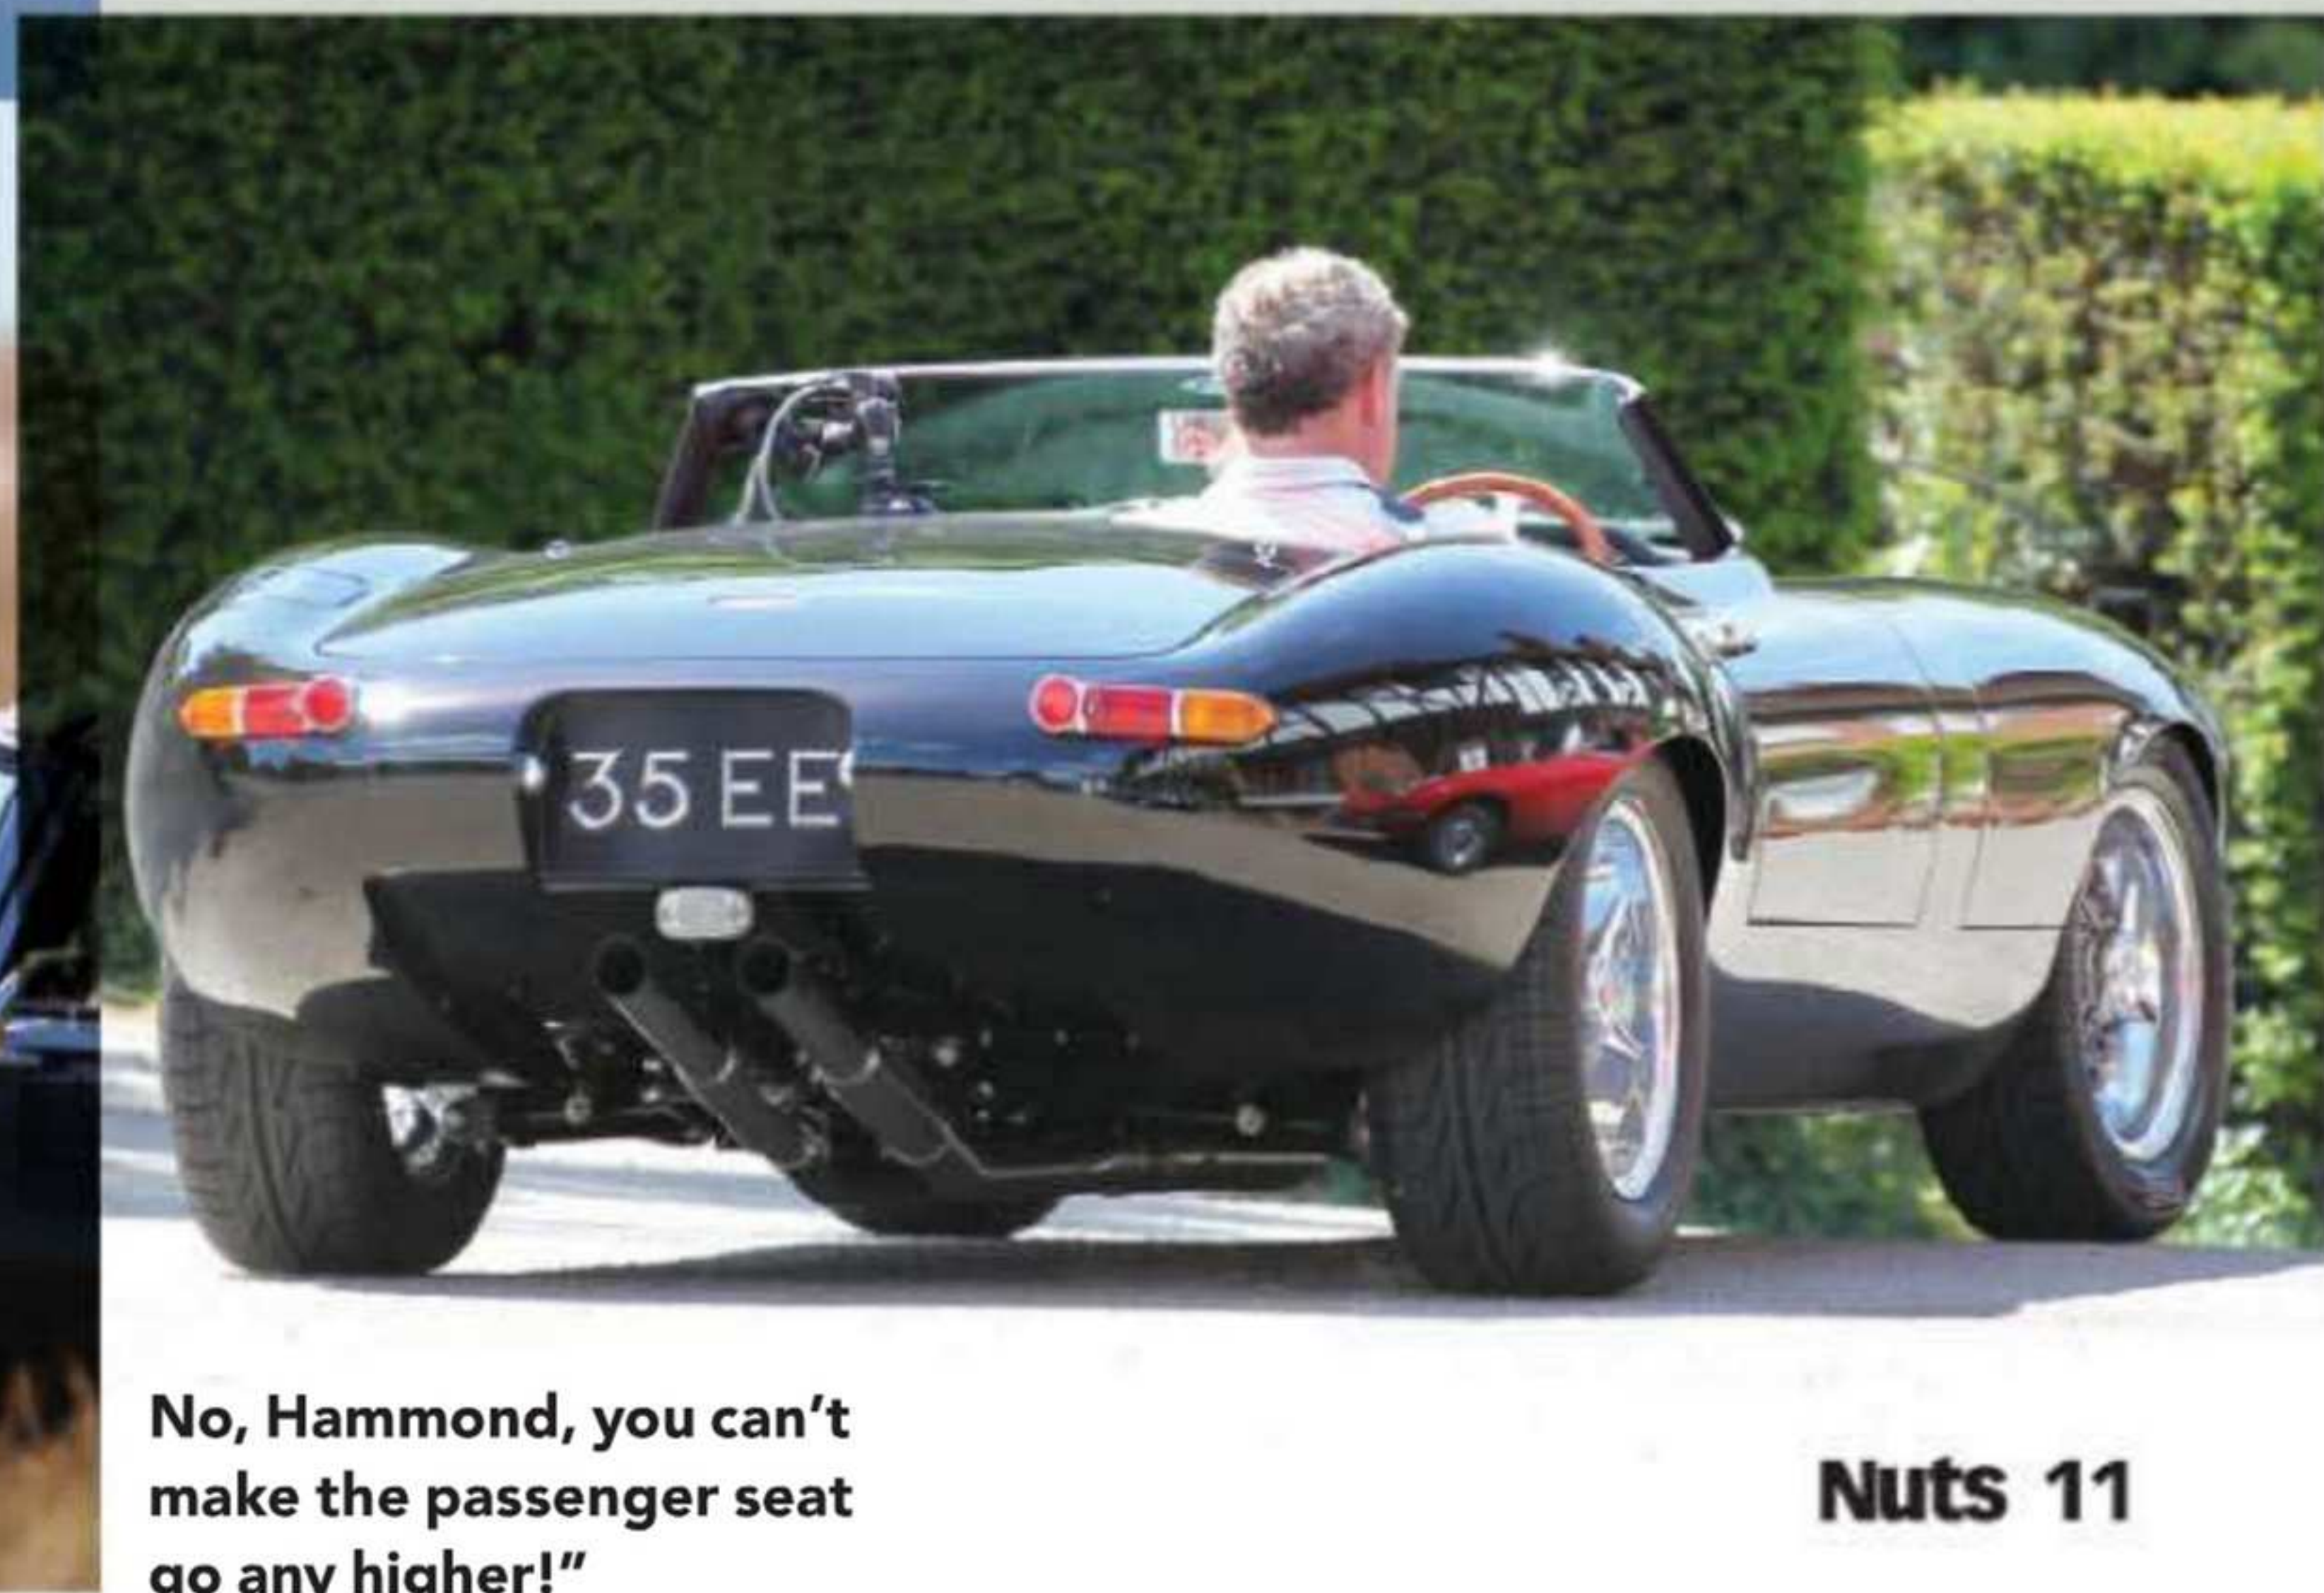

"Hurry up! Hurry up! I'm busting!"

The reverse ageing experiment had only worked on Richard and James

"Yeah, next left and the drive-thru's 200 yards on the right"

No, Hammond, you can't make the passenger seat go any higher!"

Limited edition Audi R8!

A soft-top version of Audi's R8 GT is unveiled!

- The R8 GT coupé – Audi's answer to the Lamborghini Gallardo Superleggera series – was unveiled recently, so it was only a matter of time before they chopped the top off. After all, Audi owns Lambo now.
- Production's limited to 333 units worldwide, with only 66 being UK spec. It's basically a V10-engined Spyder that's had various tweaks.
- It's also 85kg lighter than a standard V10 R8, weighing in at a meagre 1,640kg.
- The GT interior's finished as standard in black Alcantara, but fine Nappa leather and a choice of crimson red or titanium grey are options.
- Engine management tweaks mean the V10's power's boosted from 518bhp to 552bhp. Who needs poncy turbos and superchargers when you've got ten directly injected cylinders, huh?
- The GT only comes with an R tronic six-speed flappy paddle sequential automatic, but it brings the 0-62mph sprint down from 4.1 to 3.8 secs.
- At the back, the GT boasts a fixed carbon spoiler and a swollen diffuser beneath circular exhaust pipes.
- Normal V10 R8s cost around £117k. This'll come to £185k.

JIM JEFFERIES!

It's the most offensive column on Earth!

GOES NUTS!

'Ryan Giggs, you're a worthless piece of sh*t!'

**Randy Ryan!**

Ryan Giggs, you're a worthless piece of sh*t! Look, we all know footballers cheat, but this isn't just a Tiger Woods-type incident. You f**ked your brother's wife. For eight years! Not just once, while drunk at a family gathering.

Eight f**kin' years! You play for Man Utd! Poor old Rhodri played for Torquay – don't you think he suffered enough? Oh Ryan, how did you fool us for so long that you were such a great guy? I bet you this is the first time the English are glad you're f**kin' Welsh!

Deadly veg!

A quick update on the cucumber scare. The death toll's now 22 people, 19 of whom are women. There are two possible explanations. Either women have a healthier diet than us guys or, well, you've got to question where they've been sticking them! Only thing is, it now turns out that bean sprouts may also be to blame. Now I'm clearly very naïve in the ways of lovemaking 'cos I wouldn't even begin to know where to shove that stuff! Jeez, I don't think I'll ever figure women out!

"Er, where did my clean image go?"

"I bet you it's the first time the English are glad he's Welsh!"

The bald truth!

Why is Wayne Rooney getting so much flak for his hair transplant? Good on him – it's his money. Christ, he got less grief for bedding hookers! It really p**ses me off when I read about how vain men are for getting a hair transplant (and yes, I'm thinking about it myself as I already take

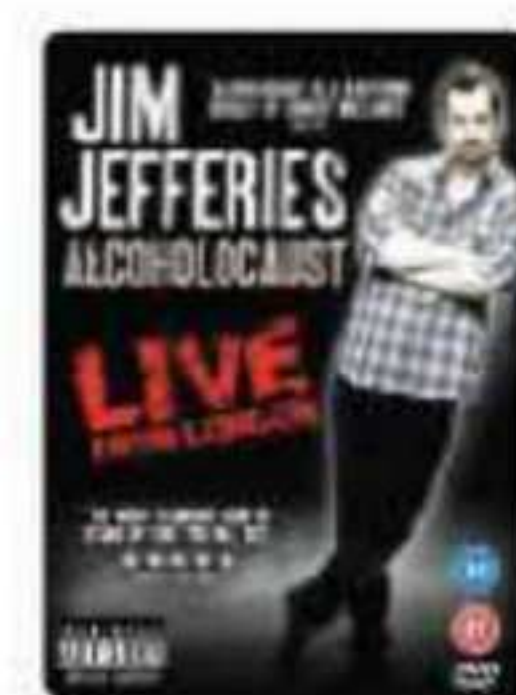

Rooney – the mullet years

Propecia pills to stop mine getting any thinner!). These articles are always written by people with full heads of hair. How's it any different from a chick getting her t**ts done? And we're always happy about that, right? I say leave Wayne alone. And I really hope his hair turns out great for him too, 'cos then all he'll have to worry about is fixing his f**kin' face!

Proof Jim's an old romantic!

Finally, I read that there'll be a male pill available soon. I'm not sure this is a great idea. I mean I don't even remember to take my Propecia every day! That said, I never understand why guys knock girls up. I mean who leaves it in when they come? I'm sorry, but if you have sex with me you're gonna end up with come all over you. People may say it's disrespectful but I think it's a lot worse to get a girl knocked up on a one-night stand! So, my advice is: come on her face – you'll be doing her a favour. She may not thank you right away, but in time, she'll be, like, "You know what? You're a pal!" Until next week, f**kers!

'Saw took my toes clean off!'

Labourer's tootsies sent spinning by faulty saw!

When industrial saws and human toes do battle, there's only ever going to be one winner. Graeme Bruce, a labourer from Kent, was unlucky enough to have his foot in the wrong place at the wrong time for a very short battle between man and metal...

"I was using a diamond blade to cut through some concrete, but it was faulty and it spun out of control and jumped in the air," the 23-year-old explains. "The saw landed just before my steel toe cap. It took all my toes clean off, bar the little one!"

"The blade was spinning so fast that it instantly cut off all

the circulation, so it didn't hurt at all. I was surprised because there was hardly any blood!"

"At the hospital, they couldn't put the toes back on but I was stitched up and back to work within a month," Graeme tells us. We reckon he'll be a bit more on his toes when it comes to using saws from now on. Sorry!

Nintendo's Wii U!

It's a new gaming console! With a crazy controller!

Say hello to the Wii U – Nintendo's clever new games console. It's a high-def gaming box with a difference: the controller has a big old screen stuck smack in its middle. This interacts with the game as a second screen, but also lets you browse the web, view photos and more. The options offered by two screens are legion, and this could revolutionise gaming. But first, here's how it works...

NEW CONSOLE

Here it is! Only it isn't. It's a concept thing that they've knocked up, so the finished box might not look like this.

BUTTONS, ETC

It's got tablet looks but the Wii U is a controller, too, with joysticks, triggers, gyroscope, and a motion sensor.

WORKS WITH WII

Existing accessories, like Wiimotes, Nunchucks and the Balance Board will work with it. As will all your Wii games.

INTERNET TABLET

Use the Wii U as a tablet, surfing the net on its screen. Then fling what you find to the TV with a finger swish!

TWO SCREENS!

During gameplay, the screen acts like a second TV, offering up more info – like menu screens and alternate views.

TABLET-LIKE SCREEN

If your missus wants to watch the TV, pop your game onto the controller's 6.2in, high-def touchscreen and carry on!

NUTS INTERVIEW

The rapper on kissing girls, his mum and his new single!

Hi Example! When fellow rapper Wretch 32 sends you a Christmas card, does he sign the full "Wretch 32" in case you get a Christmas card from 31 other people called Wretch? Ha! Yes, he does. It was great to work with Wretch. He's the smiliest person in UK rap. When we were shooting the video, people thought we were shooting a documentary about who has the toothiest grin in London, Wretch or me. We weren't. You've also guest-rapped on Professor Green's *Monster*, Tinchy Stryder's *Game Over* and Giggs' *Look Over Your Shoulder*. Do you charge by the word? I don't charge. There's an old-school unwritten rule from when we used to do mix tapes together. Back in the day I'd have got Tinchy on my tape for free. It's the same now. Your new single's called *Changed The Way You Kiss Me*. What were you doing wrong with all the girls you've snogged up to now? I do usually go straight in with

the tongue. That's my kissing tip – loads of tongue. And brush your teeth beforehand! Or have a Smint.

Cheeky fondle? Yes, always a cheeky fondle. Ha!

Your new album's called *Playing In The Shadows*. Are you going through your moody third-album phase? Yeah. I'm feeling a bit emotional at the moment. I'm a bit tender.

What's wrong with you? I don't know. What's wrong with me? I'm asking myself a lot of questions. My new album's all

about honesty. Real life, as it's happening right now. I don't think anyone thinks I'm the best rapper or singer in the country. I think I'm half-decent at rapping or singing. My songs are pretty good, though!

How far would you get on *Britain's Got Talent*? Not far at all. I think they'd just laugh at my funny face. The sort of people who win *Britain's Got Talent* and *The X Factor* are normal looking. Apart from Cher Lloyd. She's a bit wonky-faced, isn't she? People see me on TV and think, "How did he become famous? He's got a wonky face." If more wonky-faced people were on TV, it'd be a true representation of the pop charts at the moment.

Did you really once film a video in Chernobyl? Yeah. It was mental! It's a nuclear disaster zone. You have to walk around with a Geiger counter and a slight tingle in your balls!

Do you have problems getting through Customs because your passport says "Example", so it looks like it's a dummy one? Yes. Because that's my real name! I've also got a Nando's discount card that says "Example" on it. I went into one branch and this Polish girl goes [does Polish accent], "I cannot accept this card because it is a sample." "No, I'm Example!"

"I wouldn't go far on *Britain's Got Talent* – they'd laugh at me!"

"Yes, this is an example of a card." "No, I'm in an act called Example." "Your band is called Example?" "Well, we're not a band, it's just me." The language barrier made it complicated. I just wanted chicken!

You used to have mad, spikey hair but now it's all flat. Has your mum made you brush it down? My mum actually preferred it up! I'd spend 20 minutes applying hair products, then I'd get on stage and it was flat by the first song because I was so hot and sweaty. The new album is Example laid bare – the real me. So I don't want all the hair up and all the fuss!

Thanks, Example! How much street cred would you lose with your fellow rappers if we reveal that you once won the Royal Mail's Poet Of The Year competition? I think they'd be quite proud of me. Rapping's poetry, isn't it? I'm actually a lyrical poet. And I know it. Ha! ■

**BANGED UP
IN VENEZUELA**

"WE SURVIVED A PRISON RIOT IN VENEZUELA!"

Paul (left) and James
show off their shivs

How two Brits emerged alive from a prison massacre!

When Leicester lads James Miles and Paul Loseby were caught smuggling 10kg of cocaine out of Venezuela in 1994, they were banged up for 30 years in one of the world's deadliest jails.

"Dead bodies were so commonplace in Yare [South America's most brutal and lawless prison]," James Miles tells *Nuts*. "They'd be stacked up next to the canteen and left in the baking sun to rot. We were used to seeing men openly murdered. On our second day in Yare, a young guy had his brains blown out in the dinner queue right next to us."

As James explains, the root of all this killing was that the jail was full of guns – bought from corrupt prison guards for about £200 each.

"Practically everybody had a gun in Yare: it was the only way to survive. Pistols and revolvers were everywhere, as were home-made shotguns. There were even grenades. Because the guards were totally corrupt, everything had a price: weapons, drugs, women, booze – even life itself."

Within the savage confines of the prison, three opposing gangs – the Black Cut, el Barrio Chinos and the Chicken Thieves – practically ran the jail, and inmates had to join one to stay alive. James and Paul hooked up with the Black Cut.

HUNTING FOR THE EAGLE

"The atmosphere was getting more and more tense by the day, and the root cause of it

was the whereabouts of the jail's most legendary gun – a Desert Eagle semi-automatic pistol," James reveals. "The Desert Eagle is the same gun Vinnie Jones has in *Snatch*. It's the best pistol money can buy and, in Yare, it was the ultimate power. Valued at £1,000 or more, it became the stuff of legend – people had heard the distinctive noise when it went off, and now everybody was after it."

As time went by, it became apparent the Black Cut had it, but every other gang – and all of the guards – wanted it. The guards feared the Desert

"Then three tanks rolled in with their guns pointed at The Tower!"

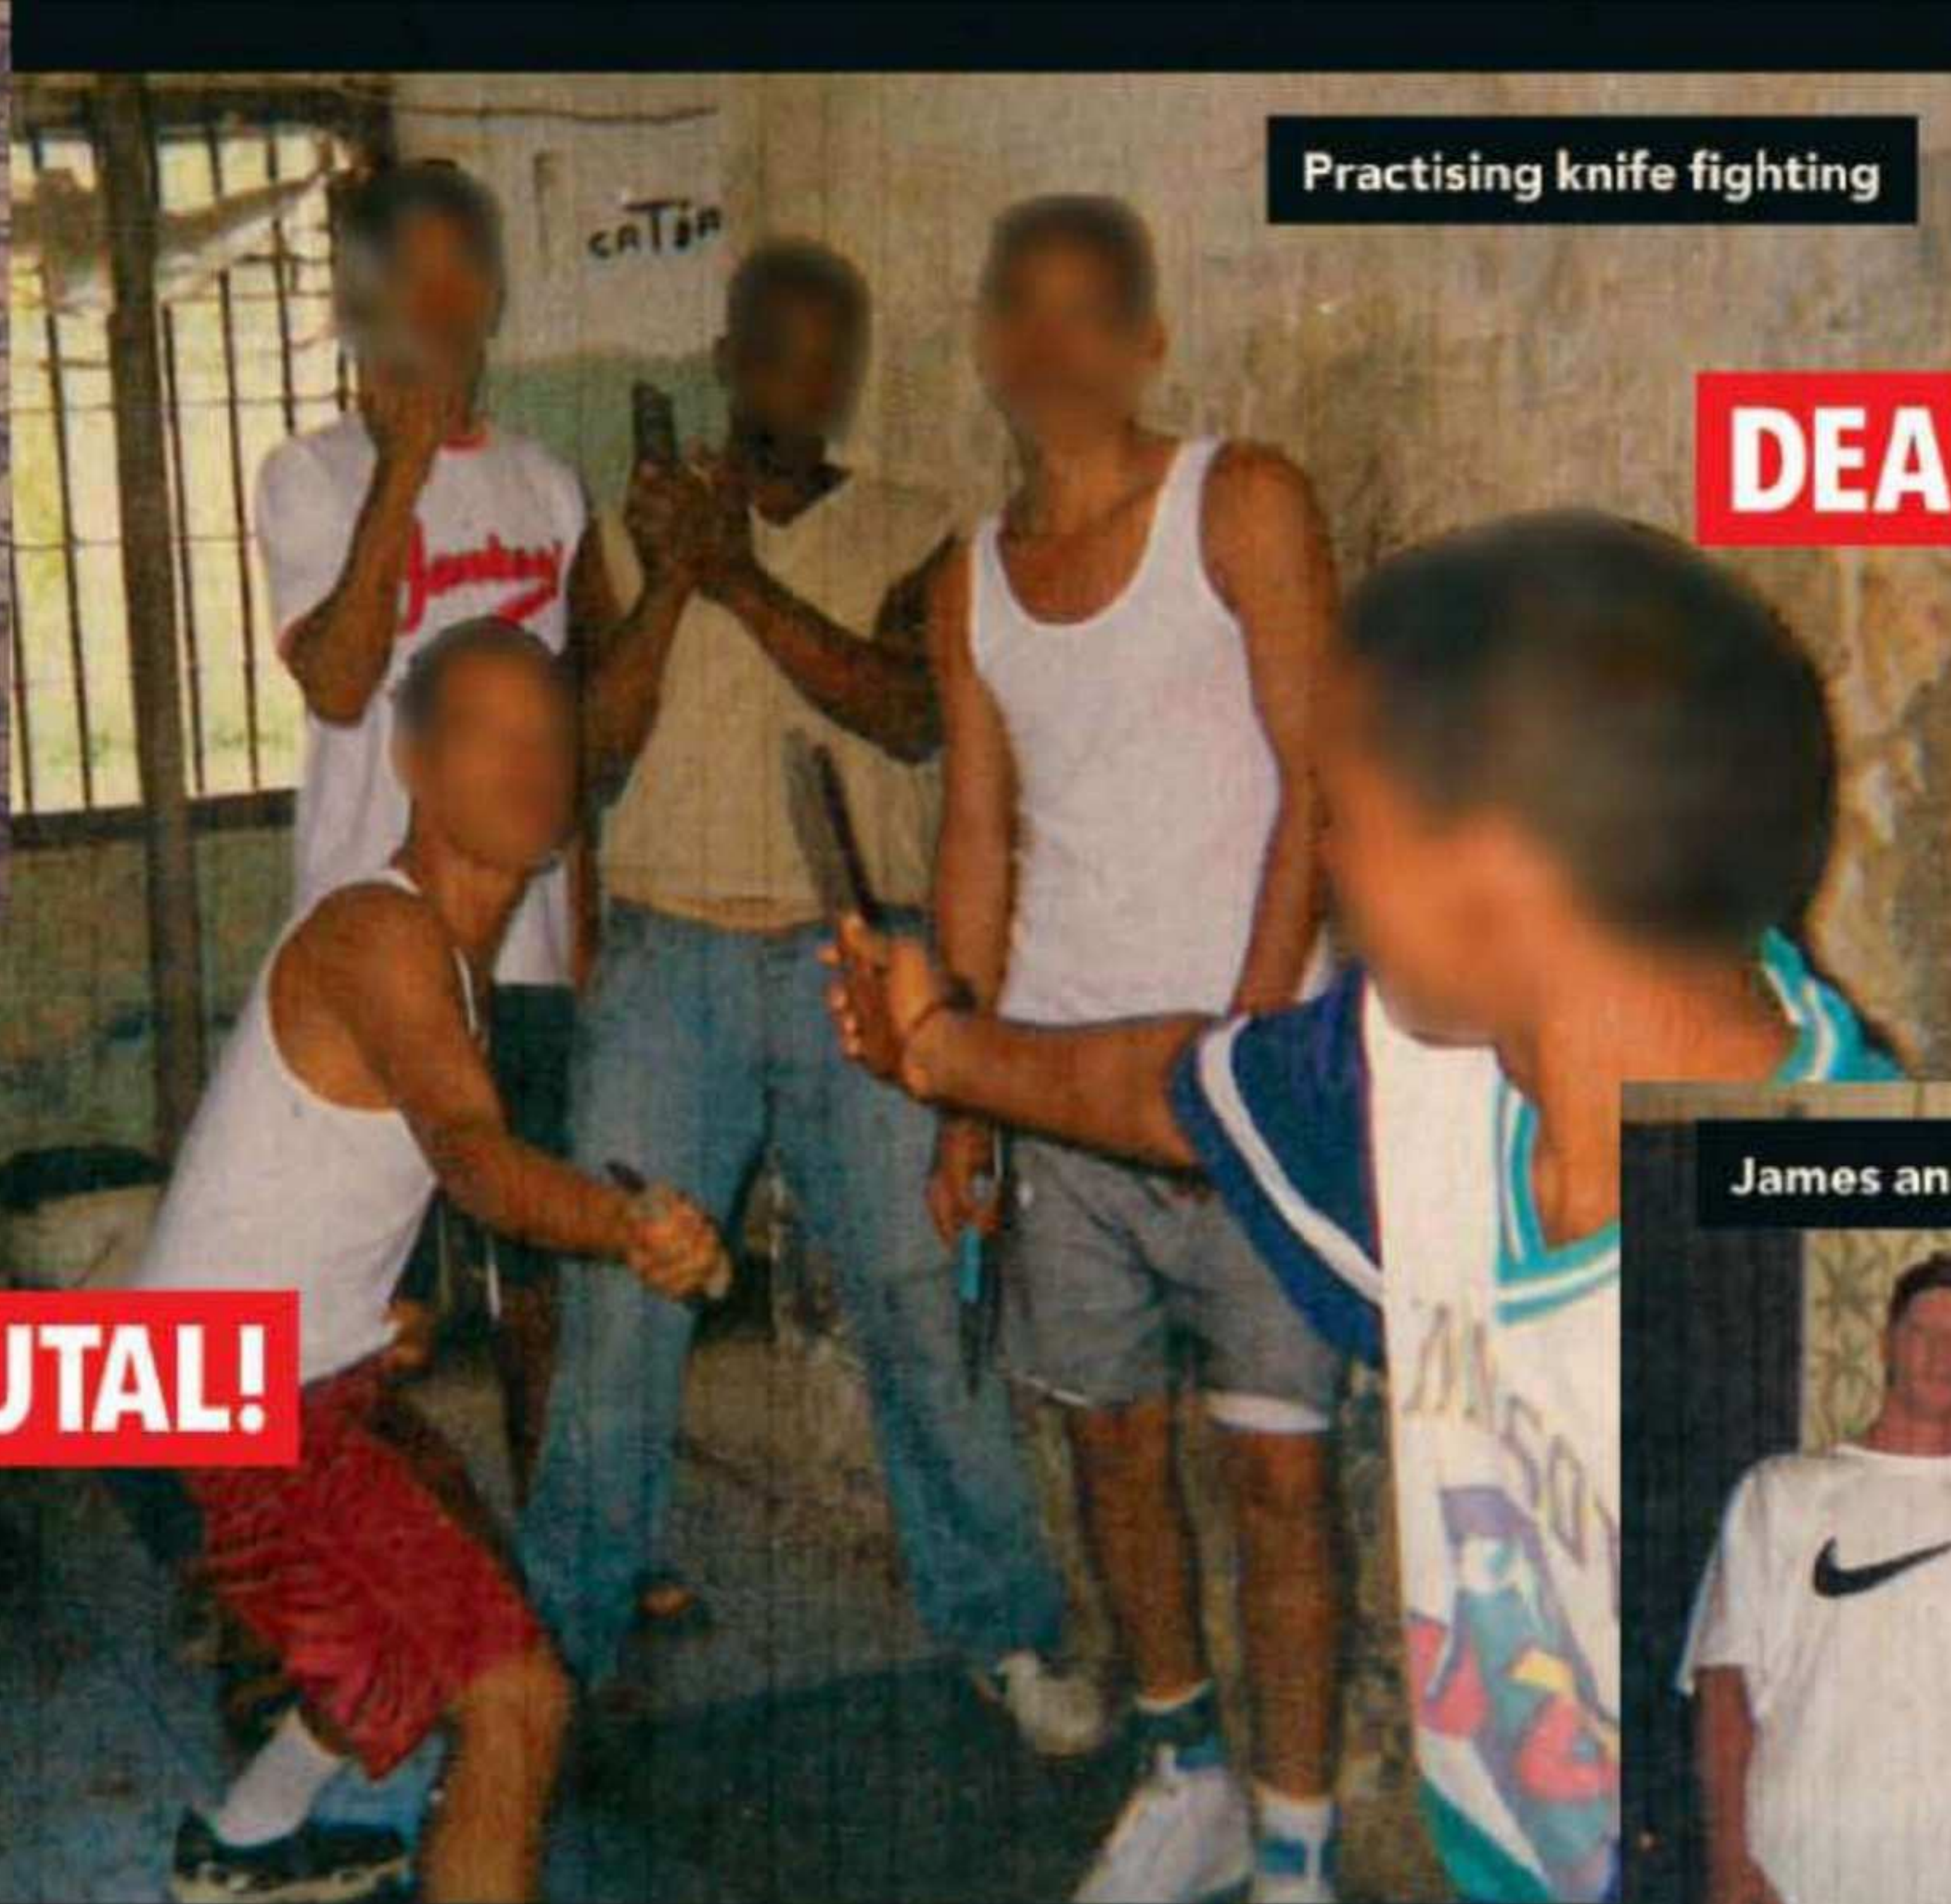

Eagle might spark a riot if anybody tried to take it by force so a new rule was issued: nobody was allowed to use firearms to get anything from anybody else. The el Barrio Chinos decided to ignore that and their top men issued a directive for its capture. Two of their best men, experienced assassins, were ordered to go and find it.

"These two lowlifes toured the prison a few times, and saw a guy with what they thought was the gun. In the ensuing battle, they killed two lads from the Chicken Thieves for it. Ironically, it was just a 9mm Browning. Those two boys lost their lives over the wrong gun and el Barrio Chinos started a war," James explains.

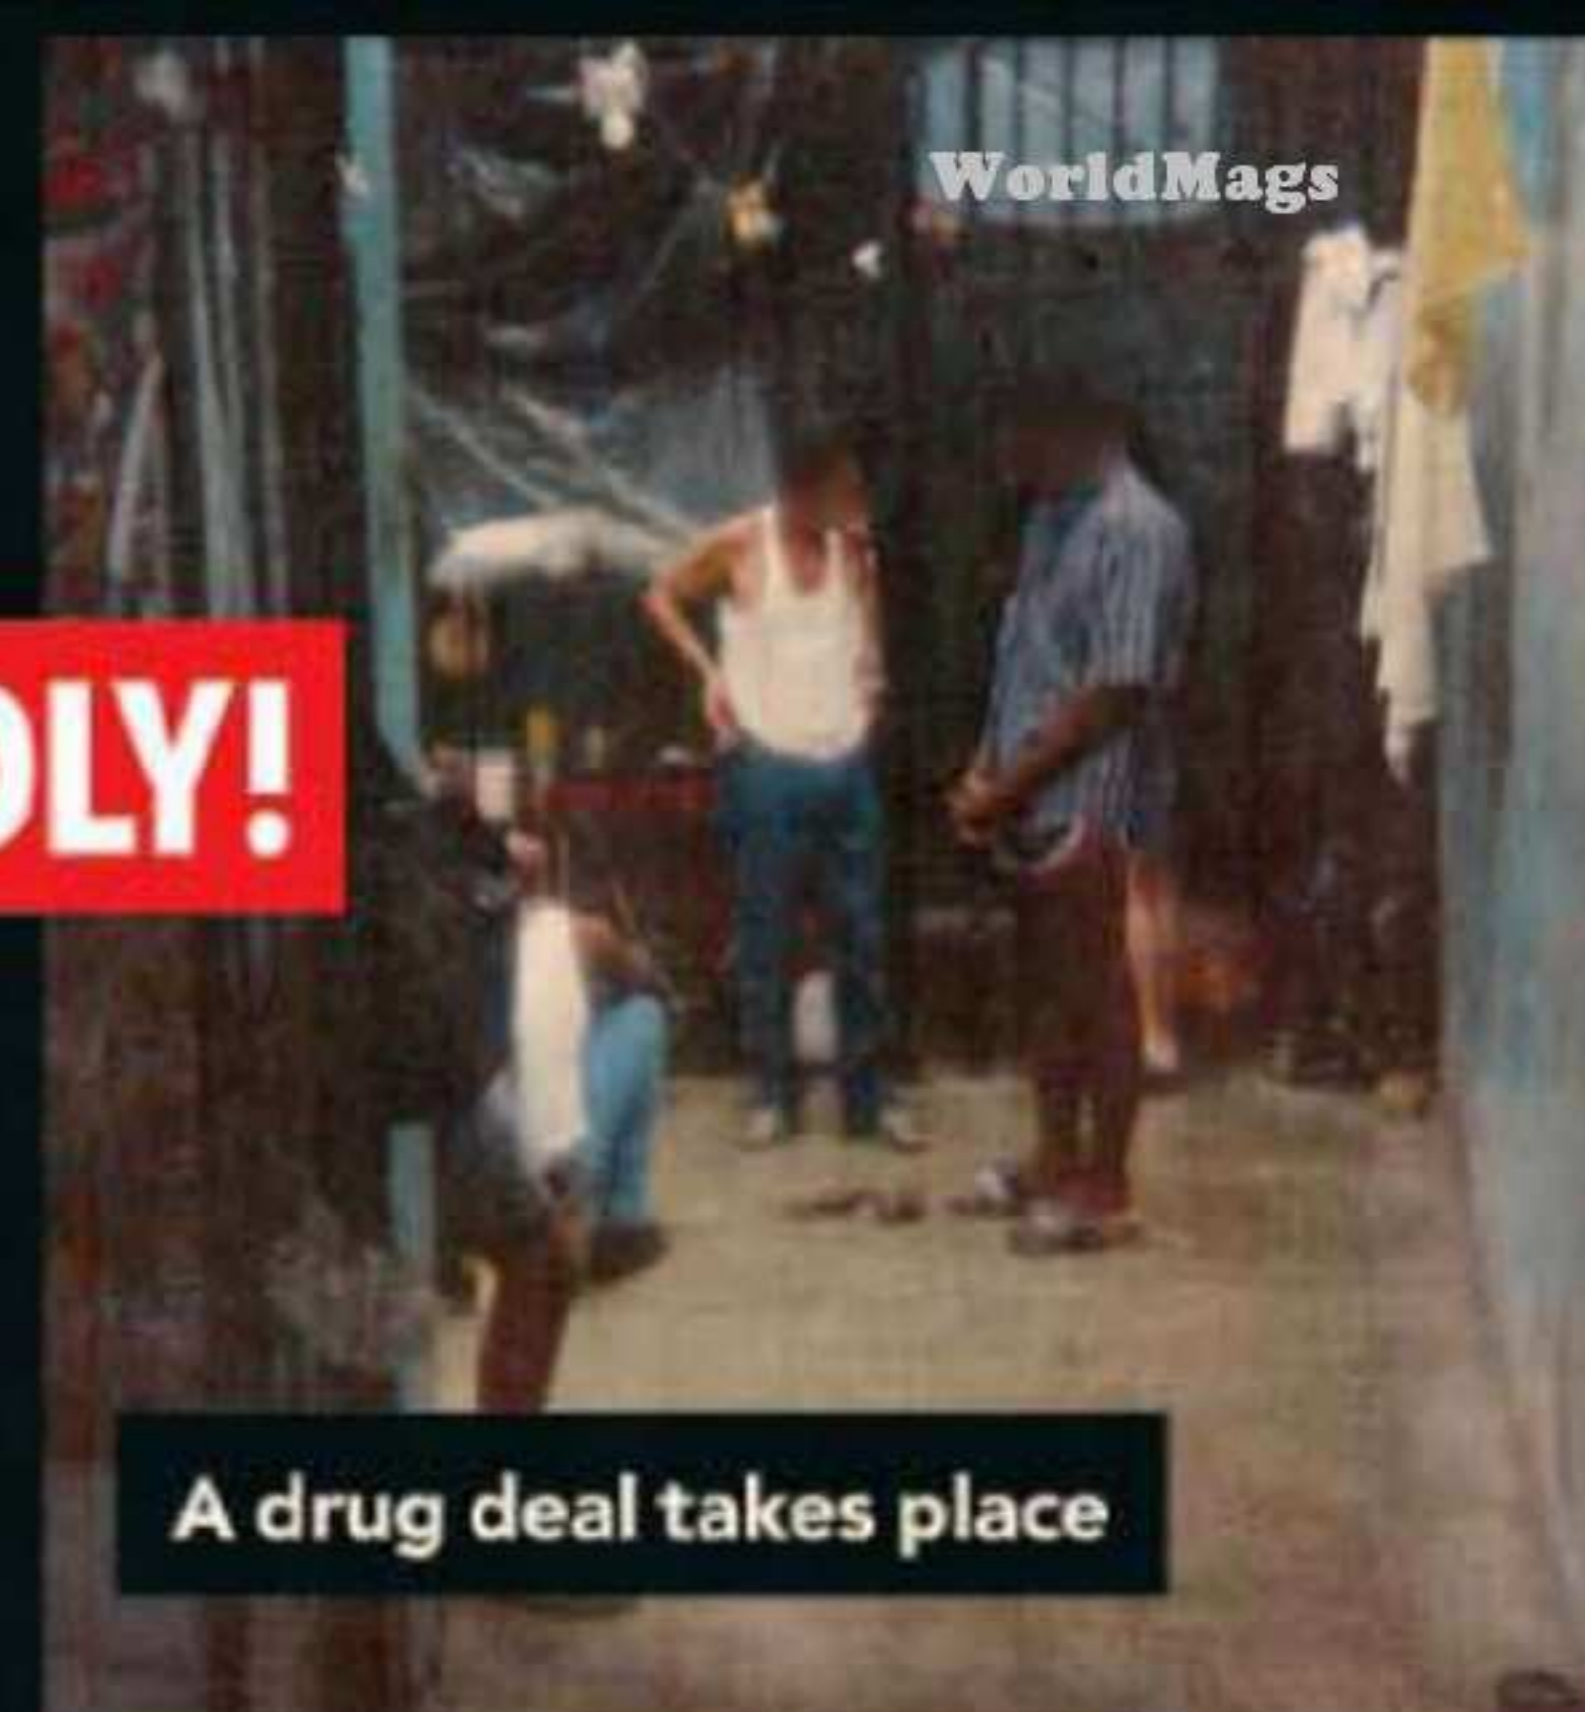

"The whole prison was put on lockdown. You could cut the atmosphere with a knife. Everybody knew there was a serious, serious storm

brewing. Two hours later, some idiot opened all the locks inside the jail. The National Guard retreated to their gun towers and sat back and watched as the Barrio Chinos were slaughtered."

BLOODY BATTLE

The Black Cut and the Chicken Thieves joined forces then went in and murdered every single Barrio Chino they could find on level three of Yare's Tower.

"It didn't matter if they were involved in the killing of the two boys or not. The whole unit had to die, and if you were in the gang, and got caught, you were dead. Full stop," James tells *Nuts*. "Over 100 men went in and they slaughtered everyone they came across. They were chucking grenades in, spraying bullets and setting fire to cells. The gunfire went on for four hours solid. It sounded like the Gulf War."

The Barrio Chinos had built bonfires on the landings to keep invaders out, but the heat became so intense that prisoners were running through the flames to escape it, only to be slaughtered.

Others blew barred windows out and either climbed down three storeys, or took their chances and just jumped to escape the inferno. Any that did make it down to the ground tried to climb barbed wire fences to get away, but the National Guard opened fire on them from the gun towers. In one night, the Barrio Chinos were totally wiped out.

THE AFTERMATH

"The next morning, the prison's main gates burst open," James remembers. "A soldier clutching a megaphone stormed in and started bellowing orders. 'We're coming in, and we're going to clear out any guns

we find! We want this Desert Eagle! Resist, and you'll die!' By bad luck, I was nearest to the gate, and a guard came straight at me," continues James. "He blasted a plastic bullet from his shotgun right into my foot and shouted, 'Move, gringo, move!'

"CS gas canisters were being shot in all directions, and you could barely see through the choking, eye-stinging smog. Unbelievably, three tanks then rolled in, with their gun turrets pointed at The Tower!"

A platoon of soldiers in balaclavas stomped in, armed with machine guns and grenades. A tense, face-off ensued. "We knew we had more useable firepower than the army," says James. "Yeah, they had tanks, but they'd have to flatten the jail, and then come in and get us out. The government would never stand for tanks being deployed against prisoners.

The tanks were just a threat.

"But the blokes in balaclavas were a real worry. Were they hiding their identities for a sinister reason? Word spread that the prisoners were about to open fire first. But high-powered Black Cut bosses calmed the ranks and allowed the guards in. They shredded mattresses and took as many guns as they could find. Sh*t guns were surrendered. All the good guns were safely stashed – including the Desert Eagle."

More than 60 men had died for that gun, but a full-on war between an army with tanks and 3,000 murderous inmates packing grenades and guns? That really would have been insane! ■

Summer's here, gents, and that means boobs!

Dust off your sombrero, break out the deckchair, stick a pair of shorts on and get yourself a new pair of sunnies, because summer's finally here!

Now, we could go on forever about what makes summer so awesome but let's cut to the

chase – this time of year's particularly brilliant because it means ladies go out wearing fewer clothes and, if you're very lucky, some might even indulge in a spot of topless sunbathing!

To celebrate the wonder that is the summer, we felt it was about time we rounded up a load of our favourite ladies on their holidays, and what better way to kick things off for us than by getting the lovely Holly Peers to present this fine collection for us? Gentlemen, enjoy! ➡

**TOPLESS

**"On holiday,
the *Nuts* girls
played pool &
darts topless!"**

Hi Holly! Where's the best place you've ever been on holiday? I had a good time in Turkey last year – we did loads of exploring!

Have you got any holidays coming up? I'm going to India at the end of the year. It's supposed to be amazing!

What are you going to get up to? If there are any around, I might ride an elephant!

What's the wildest holiday you've ever had? When I was 18, my friends and I went to Zante. We got on the plane and there were 14 lads from our school on it. It was mental!

Are you a topless sunbather? Oh yeah, definitely! I don't think white marks on the top are attractive. Bottom ones can be quite sexy but not the boobs!

Have you ever been on a nudist beach? I don't want to because the first thing that comes into my head is an old, wrinkly man. Nobody wants to see that!

Do you look at other girls on the beach? Not obsessively but if somebody walks past, I can't help comparing!

Who has the perfect beach figure? I love Emma Glover's figure. She's got such a lovely tiny waist, great boobs and a lovely bum. She's just the right amount of toned, I think.

What's the most exotic thing you've done on holiday? I swam with dolphins in Mexico!

If Nuts hired you a holiday villa, what kind of party would you throw? I'd just want all the *Nuts* girls there. The place we went to last time we were all playing pool and darts topless!

Have you ever been skinny-dipping? No, but there's always India! I might do it this year.

Whose boobs have you not seen yet but would like to?

I've not worked with Sabine yet. She's from Latvia, so she's got that nice foreign look about her.

Thanks, Holly! Finally, when you're away, what do you miss most about home? A good cup of tea. I love a nice brew! ■

NUTS MAN!

Hi Crouchy! What are you up to now that the season's over?

Well, at the moment, I'm here at the launch of the Mars Just Play programme, aimed at getting more adults playing football. Then I plan to go away, relax, play a bit of golf, and spend time with the girlfriend. I'll speak to a few of the boys but, to be honest, it's nice to get away from football sometimes. And no, I'm not telling you where I'm going!

Are you going to pig out and have a couple of beers?

You can relax a bit but pre-season's very hard and it's always on your mind, so you can't let yourself go too much.

Over the summer months, do players pay attention to all the transfer speculation

and get excited about new players who may be joining the club? Yeah, of course. It's part and parcel of being in a top team. You always have competition for places and, hopefully, we can keep hold of our top players and add to the squad. I've been linked to here, there and everywhere. I get texts asking if it's true, and a lot of the time I haven't heard anything about it!

If you were able to bring anybody to Spurs, who would it be? That's a difficult one! I don't know who's available but I admire Barcelona, so it would probably be one of Messi, Xavi or Iniesta. They have so much talent. Everyone in England discusses these players – I think we can all learn from them.

Do you ever try to persuade players like Luka Modric and Gareth Bale to stay? Yeah. Gareth and Luka are great lads and I think they're happy where they are. Unless someone comes in with crazy money, I can see them staying at Spurs next season.

Have you also had a word to try to keep 'Arry in the boss' seat? Whenever a manager's doing well, especially an English manager, he's going to be linked to the England job. I've worked with Harry

a few times now and he's always got the best out of me. Obviously, we want him to stay here but he'll be great at whatever job he's in.

Who are the Pro Evo and Fifa 11 kings in the England set-up? There's a bit of a skill tournament going on. I'm not involved in it, though. Rio, Ashley, Darren Bent and Rooney play. It's usually quite even. The lads sometimes even talk about it over dinner, they love it that much!

Sergio Ramos said during the World Cup that Spain played as England on Fifa, put you up front and got shirts with your name on the back! Yeah, I heard that! I still speak to Pepe Reina but after this season's Liverpool game, I couldn't ask him as we beat them and I didn't think he was in the mood to speak! **It's been a while since your trademark goal celebrations were seen. Are you working on any new ones?** Not at the moment, no! The robot was a special one-off, so I'll leave that be!

Did you know that on Fifa 11, the combination of you and Defoe for Spurs is almost unstoppable? Ha-ha! I've heard about this!

But put you and Robbie Keane together and you're useless. I'll bear that in mind,

thanks! I'm much better at *Mario Kart*. I play as Yoshi, the lizard in the smaller cart, every time. A few of us play it but I'm easily the top seed at Tottenham.

Hang on. Are you saying...

...That there's a *Mario Kart* seeding system at Spurs? Yes! I'm number one, then it's Jermaine Jenas, then Tom Huddlestone and I suppose Michael Dawson's OK.

Have you seen Wayne Rooney's new post-transplant hair? What do you think of it? Ha-ha! No comment on that. Good luck to him, it all makes him a bit more interesting. I might go for a Bobby Charlton combover myself – he scored a few goals! Fair play to Wayne for being open about it. It's his decision and I'm sure it's going to look great. **Thanks, Peter! Finally, do you all still call Ledley King "the king of Nuts" at Spurs?** Ha-ha! I've never called him that. It might have been before my time, I'm afraid!

The FA and Mars Just Play programme aims to get 150,000 new participants playing the game for at least 30 minutes a week by September 2013. Search online for Just Play.

Nuts GAMBLING MASTERCLASS!

We poured this advice into a *Nuts* man's head and sent him online to try to win!

Deal or No Deal top tips!

Deal or No Deal is a game enjoyed just by those who believe in a "system", right? Well, the TV game show might be, but the multi-line slot isn't!

For as little as 5p a go, you can win big – and if you're willing to play on all lines, you could win a progressive jackpot. In fact, one winner walked off with £1.96m!

And best of all? You can win big money in the comfort of your own home!

HOW TO PLAY

- The aim is to get winning symbol combinations from a spin of the reels, with the ultimate aim being to win the progressive jackpot.
- You can gamble up to 20p on each of the 20 pay lines. That's up to 20 chances to win on each play!
- The progressive jackpot can only be won on the Deal or No Deal bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win cash.

THE NUMBER LINES

It's all self-explanatory – click the number beside the reels, or the "Bet One" or "Bet Max" button. Choose Bet Max for the chance to play the bonus game and win the biggest jackpots!

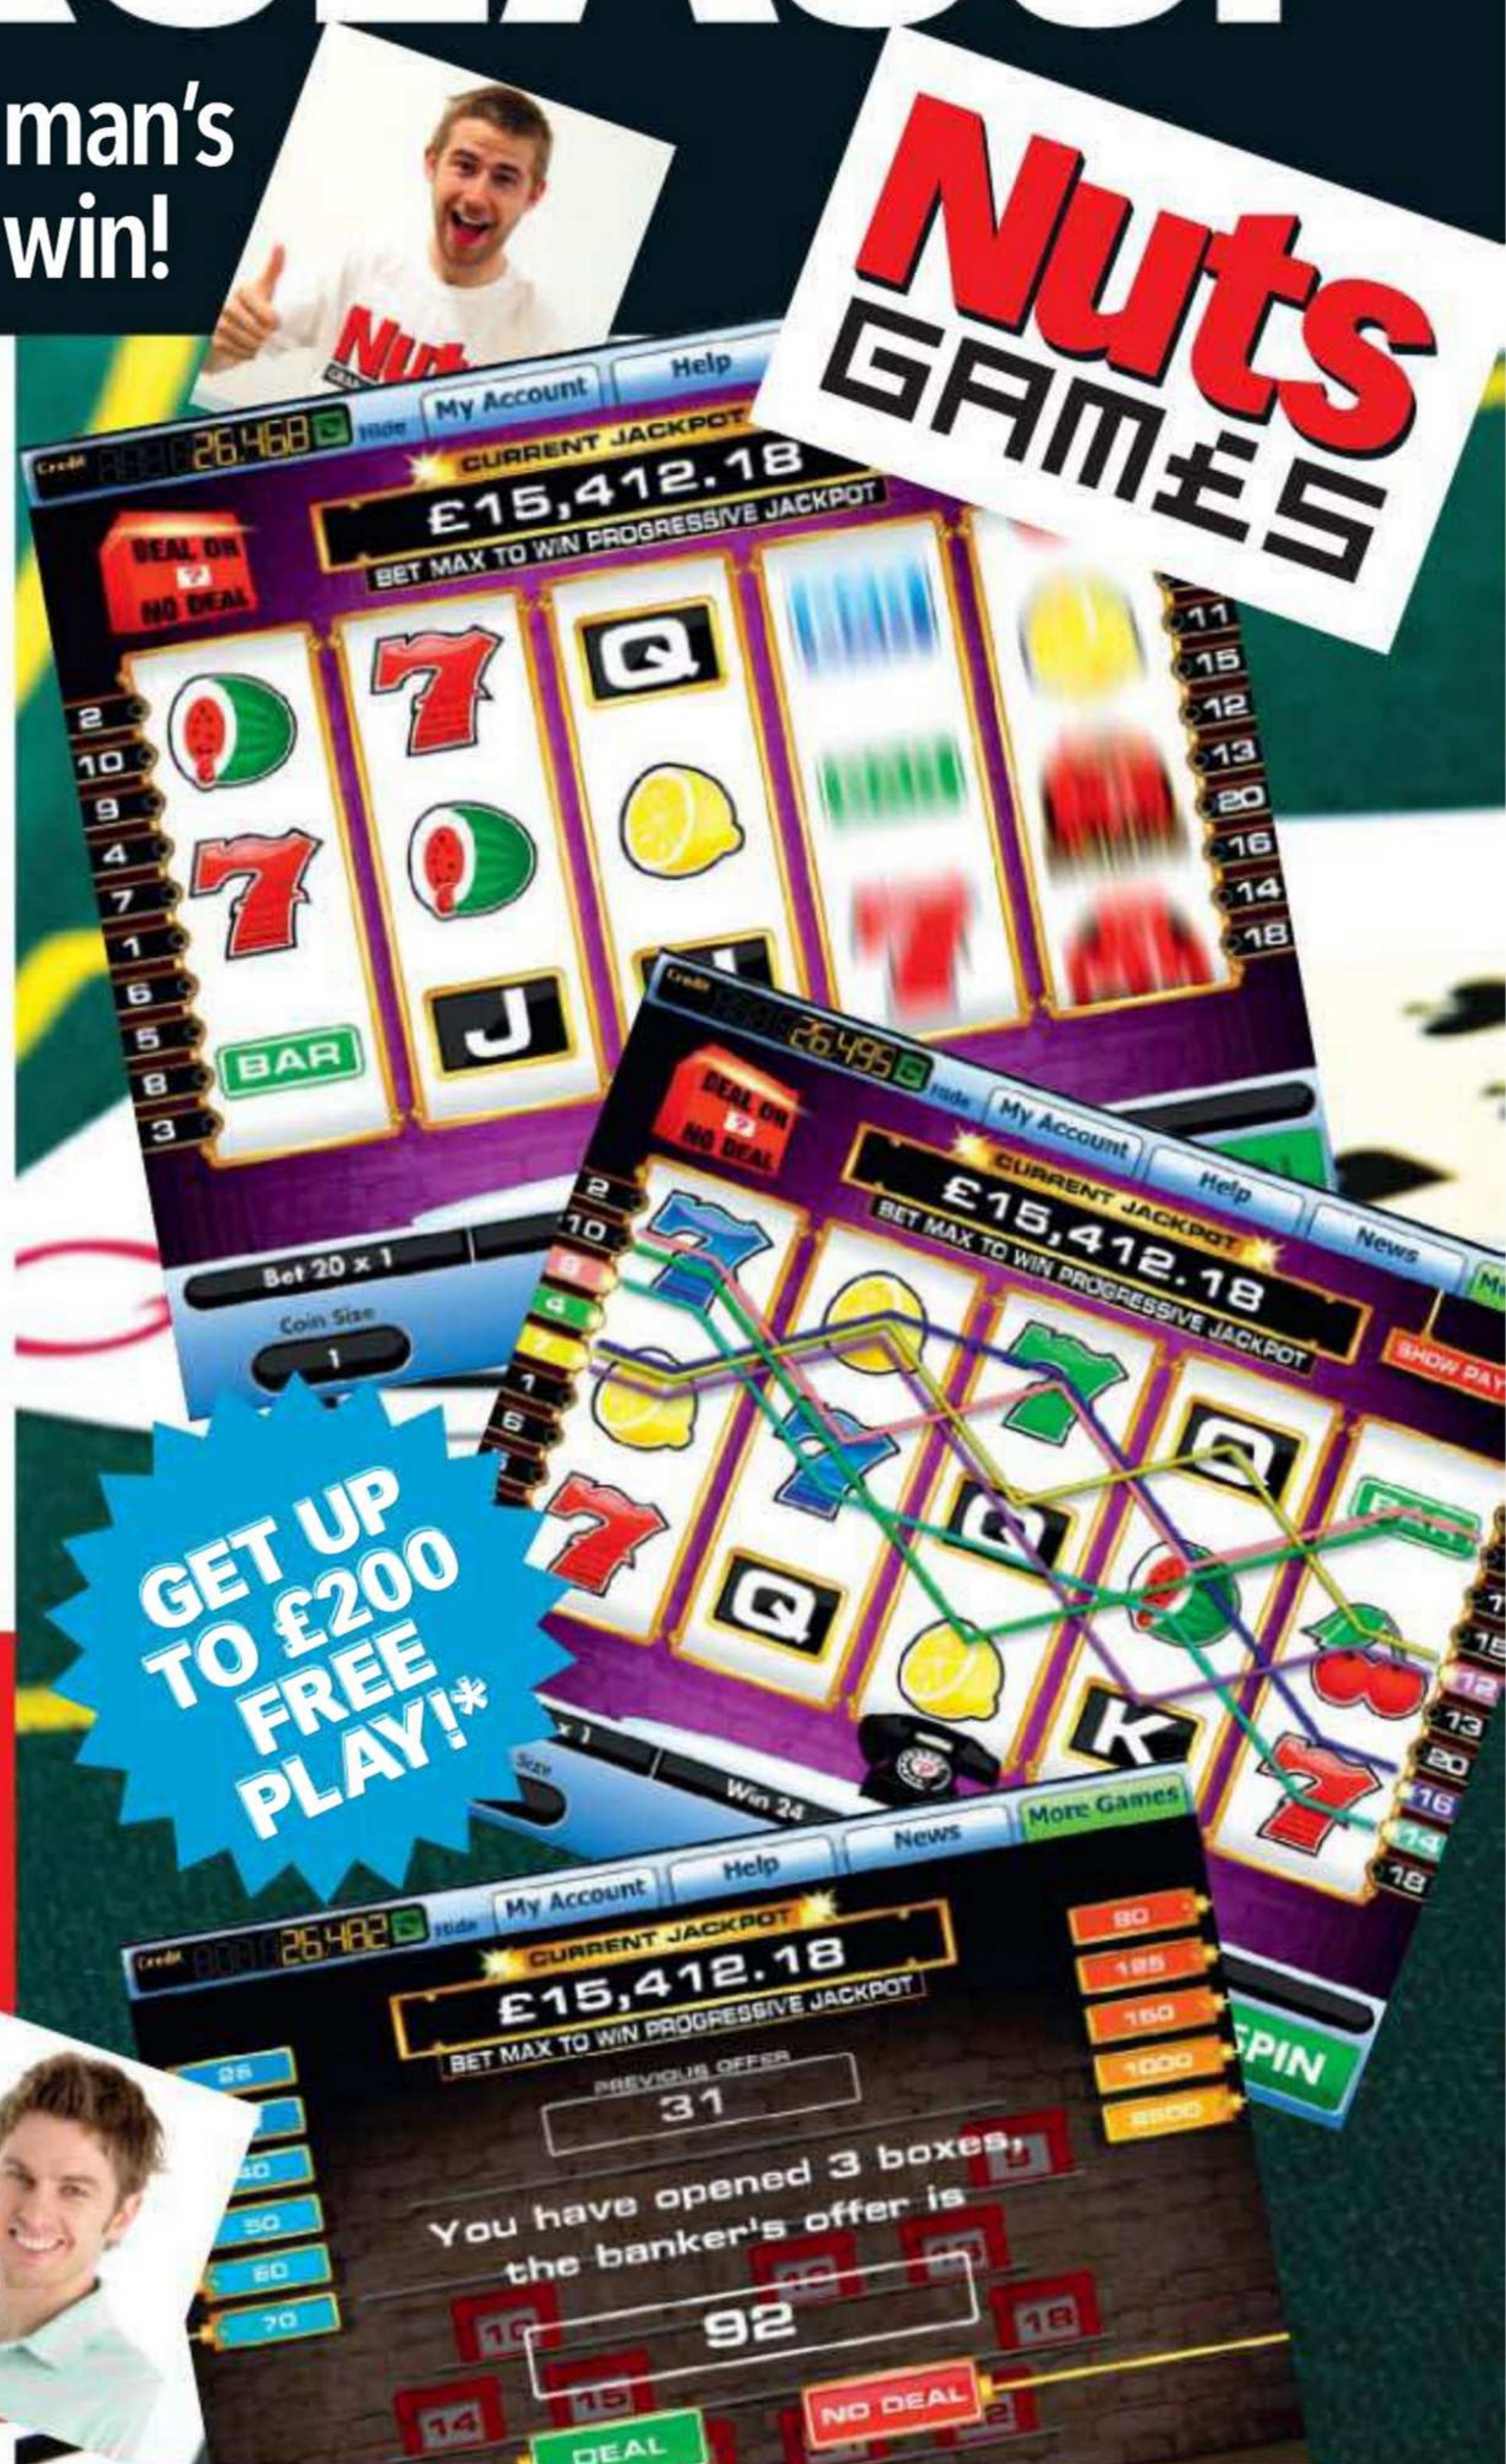

BONUS GAME

If you're betting on all 20 pay lines and you get three Deal or No Deal bonus symbols on any pay line, the bonus game begins. This is much like the Deal Or No Deal TV show, only the big progressive jackpot is at stake here. Don't be too greedy or, like us, you could end up with £8 instead of £100!

He won big!

£20MILLION!

Young English players are pricey!

So, the summer transfer window dealing has begun in earnest, and already we've seen that, when it comes to emerging young English talent, clubs are prepared to pay big money indeed. The moves involving Jordan Henderson and Phil Jones total almost £40million, and this is for two players who only have one international cap between them! It shows

"Let's see some more big moves in the window!"

that Kenny Dalglish and Sir Alex Ferguson are planning long-term. While neither addition will particularly excite the fans of the two clubs, there can be no doubt that homegrown youngsters are at a real premium.

I think that both clubs have paid over the odds for their two new additions, and having spoken to Liverpool fans over the past week, it's fair to say they're a little underwhelmed. The Anfield faithful want to see immediate success and big-name established stars, especially after the pain of seeing Man United eclipse

their record of 18 league titles. King Kenny's an experienced manager, though, and they need to trust him. I'd say Henderson's worth more like £10million than 20, but Kenny must rate him to bring him into a side already bursting with central midfielders.

As for Phil Jones' move to Old Trafford, I remember his then-boss Sam Allardyce telling me a couple of years ago that he was going to be quite a player, and now he's on the biggest stage imaginable.

It's been a good start to the transfer window, now let's see some more big moves!

Capello hasn't got a clue!

I thought it was embarrassing and shocking that England boss Fabio Capello recently blamed the poor performance of his side on the players being tired. They blatantly weren't, and we immediately saw Javier Hernandez go and score a hat-trick for his country a few days afterwards – he's played plenty of games this season! I cannot imagine Harry Redknapp making those excuses after a poor result. I think that tells you everything about who I want to see as England boss!

No.12 Roy Hodgson

The Baggies gaffer talks it up!

Hi Roy! If you hadn't been a football manager, what career would you have had?

I would have probably been a physical education teacher.

What was your first car?

A Mini.

What was the last music you bought? A Caruso tape.

What's your TV guilty pleasure? My time these days is divided between *Location, Location, Location* and

football. There's not too much in between, except for the odd drama series and the odd detective series, which I like.

If you were going to sing a song at Karaoke, what would it be? *I'll Take You Home Again, Kathleen*.

What's the nicest place you have ever visited? I've been to so many that it's almost an

impossible question to answer. Lake Como would come close.

Have you ever been mistaken for anyone else who is also famous? When I was younger, a girl told me I looked like Tommy Steele but I didn't know whether to take that as a compliment or an insult! **If you could throw a dinner party for any three people in history, dead or alive, who would they be?** Well, we'll be talking about books so I'll give you three authors: Robert Levy, Philip Roth and John Updike.

What would you cook?

I'm afraid I don't cook at all. I wouldn't dream of insulting them with my cooking!

TO OUR SECRETARY!

IT'S LOU!

CONFESSION OF THE WEEK!

"He rubbed flour on my boobs"

About a month ago, I was making bread rolls. It was a hot day and with the oven on, I decided to bake naked. As I was kneading the dough, my boyfriend came home from work unexpectedly, catching me covered in flour and wearing only my apron. I noticed how hard he'd got walking in on me and I giggled as he lifted me onto the kitchen side. He began kissing my neck, while his hands roamed over my thighs. I was so wet by the time he slipped his fingers inside me, but he made me wait until I was moaning and begging him to take me before he entered me. I had the most intense orgasm of my life as he thrust inside me, rubbing excess flour from the side over my boobs!

Fran, Manchester

"We ended up in the shower"

On holiday recently, I spotted a hot Spanish bartender. After drinking a few cocktails and exchanging glances for a while,

I invited him to my hotel. When we got there, my room-mate was already asleep in her bed, but she was forgotten as soon as we walked in. He immediately threw me onto the bed, rubbing his hard member against me

and getting me wet before he slipped on a condom and pushed deep inside me. I looked over to my friend and could see that she had woken up and was stroking herself under the covers. He noticed her and led me into the shower, nodding to my friend to join us. We got him all soapy then I watched as she dropped to her knees and took him in her mouth. I bent over while he stroked me and I carried on rubbing soap over her while she pleased him. We all left the shower with big smiles on our faces and we never told anyone about our saucy Spanish secret!

Emma, Chester

"I watched us in the mirror"

My man and I were in the middle of a shop recently when, suddenly, he pushed me into a corner behind a clothes rail and gave my bum a squeeze. He then began rubbing the front of my short skirt and as I was going commando, the feeling was immense! I was feeling really horny and pulled him into a changing room. He soon had his fingers inside me and I moaned with delight. He took me from behind as we watched ourselves in the mirror and then I sunk to my knees to catch his warm liquid in my mouth, keeping one eye on the mirror as I did so. I was turned on so much that we later bought a huge mirror to fix on the bedroom wall at home!

Zoe, Surrey

"Sunbathing got me horny"

My boyfriend and I were in our back garden recently, enjoying the wonderful scorching sun. We had a couple of drinks and it wasn't long before I began to feel really horny. I felt like such a bad girl as I flashed him my knickers and the occasional nipple. He gazed into my eyes, giving me the dirty look, so I could tell he was feeling horny, too. I moved over to him and began kissing his neck, then made my way downstairs. I pulled his tracksuit bottoms off with my teeth then took him deep into my mouth, gently tugging at his balls with my free hand, which made him groan. I pleased him for a while, then he turned me onto my back and started playing with and biting my hard nipples. Sliding his fingers inside my panties, he played with me until I was close to orgasm. At this point, he slid himself inside me and rode me hard until I came with a big squeal! It was great but I hope the neighbours didn't see us!

Quiet class! Sit up and no talking at the back, or Miss Jones will give you six of the best!

In today's lesson, we celebrate the release of the summer's funniest film, *Bad Teacher*, and Rosie's getting us in the mood!

If we could have chosen our teachers at school, Miss Jones would have been the ultimate. We might have stopped falling asleep in class but we'd have got even less work done!

The only classroom you'll need this summer is your local cinema. *Bad Teacher* is a potty-mouthed gag-fest starring Cameron Diaz as naughty Miss Halsey, who's more interested

in booze and wacky baccy than following the curriculum!

Desperate to raise cash for a new pair of boobs so she can snag rich supply teacher Justin Timberlake, Diaz's character mends her ways in a bid to win the teacher of the year prize. There's only one snag – Miss Squirrel (Lucy Punch), her love rival, is a goody two shoes out to rain on her parade!

It's worth seeing for the car wash scene alone, but the one-liners come thick and fast and the supporting cast – including Jason Segel from *Forgetting Sarah Marshall* – make *Bad Teacher* a laugh a minute! No wonder Rosie gives it an A+!
